### Important Notice About Book Orders

It is time once again for faculty members to begin considering their book requests for the next academic year. The division Faculty-Library Coordinators are now meeting to consider departmental library funds which will be determined by a formula. Department chairmen will be notified of departmental allocations as soon as possible, but in the meantime, it would be a good idea for faculty members to begin to compile their book request which should be turned in to the Faculty-Library Coordinators by May 9th. For your convenience, the date for returning the book request slips has been set at May 9th, which is a later deadline than in the past; however, this deadline will be enforced and requests submitted after May 9th will not be accepted and the funds will be reallocated. Book requests slips will be distributed in faculty mailboxes on March 28, 1980, and additional request slips may be picked up at any time from the Acquisitions Department of the library. Because of budgetary uncertainties, the exact amount of your allocation cannot be stated at this time, but you should assume that the allocation will be about half of last year's allocation.

Faculty members should also be reminded that requests for periodical subscriptions

should be kept to a minimum and must be turned in to the appropriate division Faculty-Library Coordinator so that they can be considered at a meeting of the Coordinators.

Division Faculty-Library Coordinators for 1979/80 are:

Dr. Susan St. Onge - Arts and Letters  
Dr. Paul Bankit - Business and Economics  
Dr. William Winter - Social and Behavioral Sciences  
Dr. John Harwood - Education and Communications  
Dr. George Webb - Natural and Quantitative Sciences

## NEWS & GENERAL INFORMATION

### Seventh Annual Spring Biology Seminar Series

The Biology Department invites all members of the College community to attend its seventh annual spring seminar series. This year the seminars are dedicated to Dr. E. Spencer Wise, Professor of Biology, who will be retiring at the end of this semester.

All lectures will be presented in Gosnold 145 at 4:00 P.M. The Biology Club will serve coffee at 3:30 to provide an opportunity for interested persons to meet the speakers before the lecture.

The first two seminars in the series are as follows:

April 4: Fractionation and Purification of Cell Extracts from Mycobacterium tuberculosis for a serological Diagnosis of Mycobacterial Disease and Regulation of Cell Mediated Immunity. Dr. Alva H. Johnson, Director, Infectious Disease Laboratory, Eastern Virginia Medical School, Norfolk, VA.

April 11: Enzymatic Breakdown of Cellulose. Dr. Ross D. Brown, Department of Biochemistry and Nutrition, Virginia Tech, Blacksburg, VA.

### Modern Language Studies

Dr. Steve Sanderlin, a member of the American Association for the Advancement of the Humanities, attended its first annual meeting from March 27 through March 29, 1980. The emphasis of the meetings, which included such panel-discussion participants as Dr. Anton A. DePorte, Director of the Office of Research and Analysis for Western Europe, Bureau of Intelligence and Research, Department of State, and Dr. Samuel Gorovitz, Senior Scholar, National Center for Health Services, Department of Health, Education, and Welfare, was on the new interest in good, forward-looking colleges and universities in increased emphasis on and more requirements in the humanities, especially in languages and literature. The Honorable Paul Simon of the U.S. House of Representatives in his speech especially urged the return to greater emphasis on

modern-language studies.

## Faculty Advisory Committee

The Faculty Advisory Committee moves that the Faculty recommend to the Administration that during the examination periods of the Fall and Spring semesters, no events except examinations be scheduled on the campus.

Rationale: There have been several instances where events interfered with scheduling rooms for examinations and students missing examinations because of athletic contests.

The FAC also recommends that there be an established clearing house for campus room usage. Buildings and Grounds, the Registrar and Security all need to be informed when building and rooms are in use. An appropriate form channeled through the clearing house would solve some problems. We hope that the Director of student life will include coordination of campus-wide events and room usage in his responsibilities.
