NEWPORT NEWS, VIRGINIA

NEWPORT NEWS. WE'VE LAUNCHED MORE THAN 500 SHIPS.

But wait 'til you see our encore. When we started out in 1886, we were just a small ship repair yard. We named the company Newport News. Because we were proud to be doing business here.

Today we're the largest shipyard in the world. And we're still proud to call ourselves Newport News Shipbuilding and Dry Dock Company. Because a lot of the people who helped put us where we are today come from right here on the Virginia Peninsula.

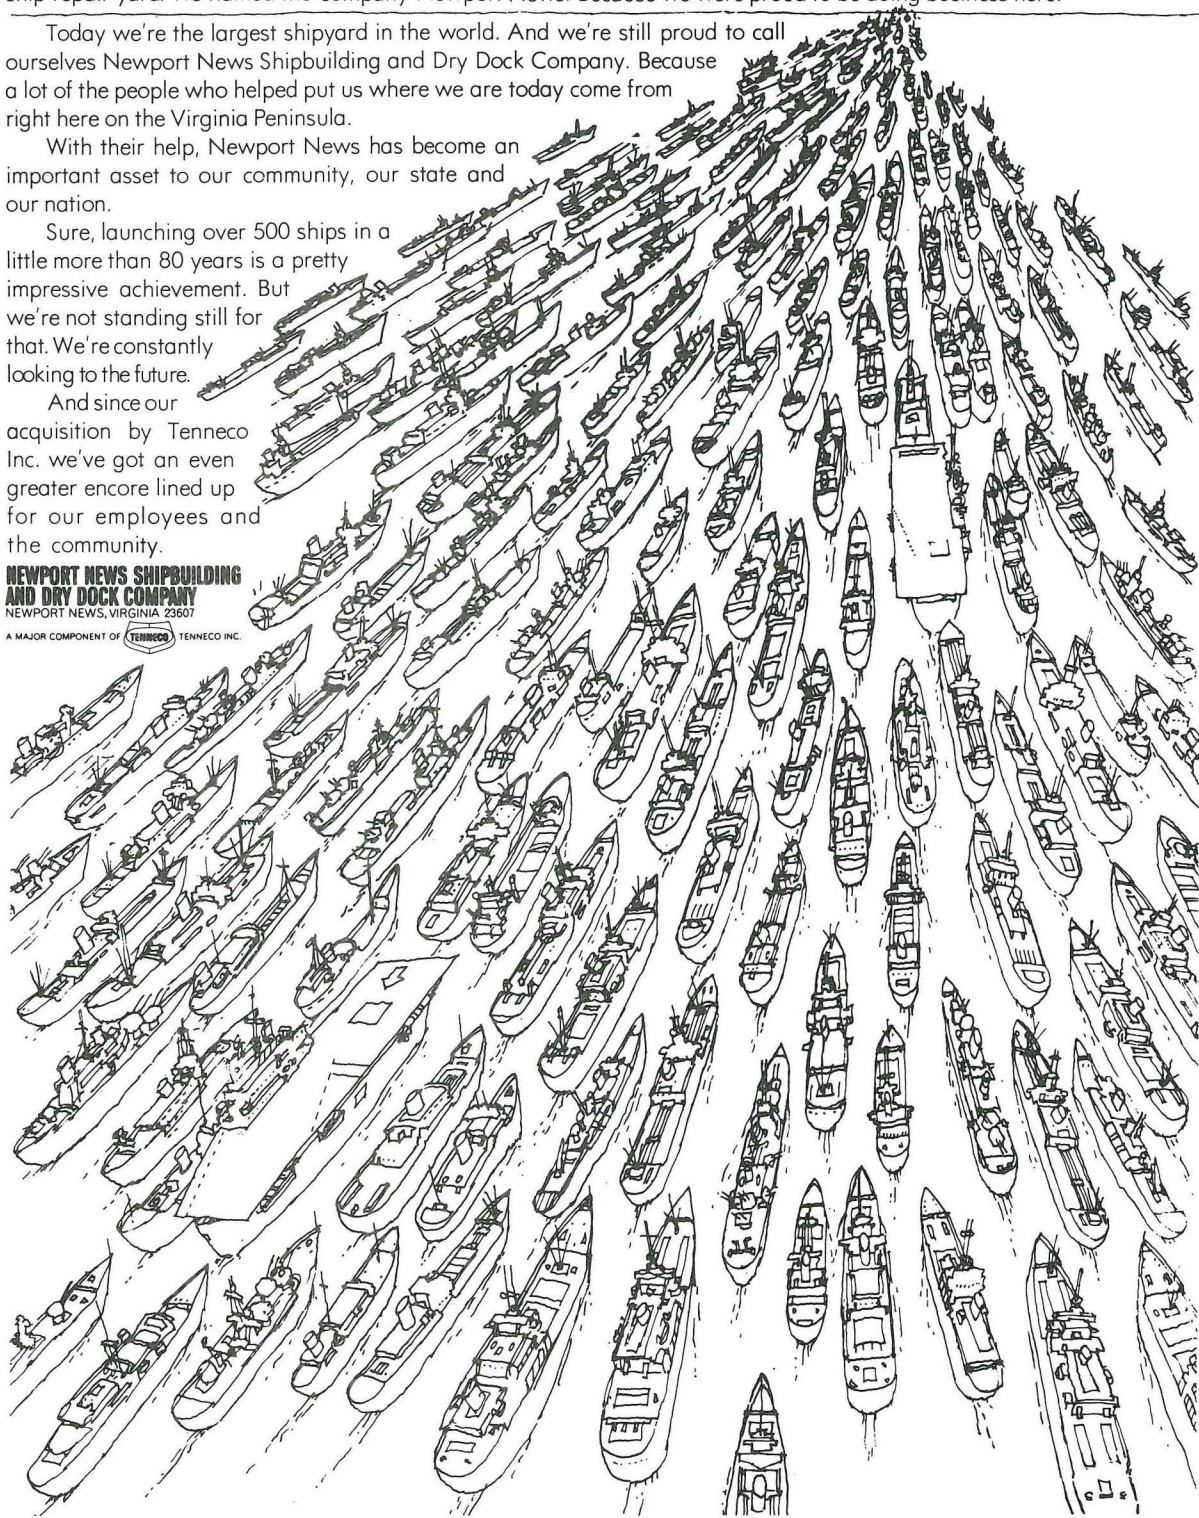

With their help, Newport News has become an important asset to our community, our state and our nation.

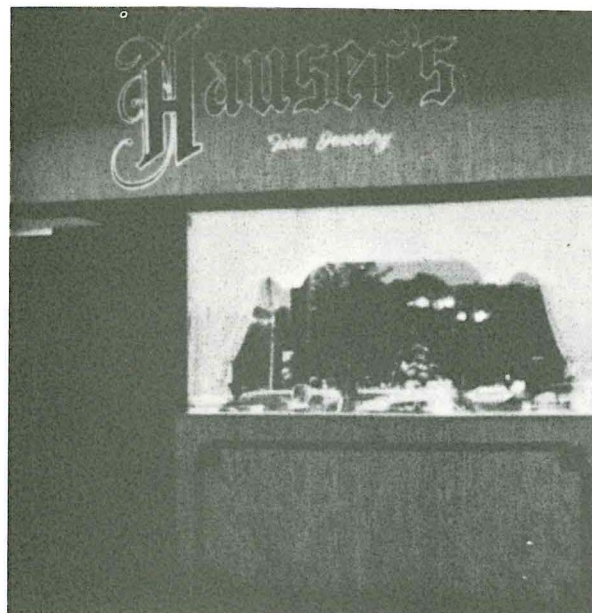

Sure, launching over 500 ships in a little more than 80 years is a pretty impressive achievement. But we're not standing still for that. We're constantly looking to the future.

And since our acquisition by Tenneco Inc. we've got an even greater encore lined up for our employees and the community.
