CHRISTOPHER NEWPORT COLLEGE

Budget Committee meeting today, April 17, 4 PM,  
W103.

**Computer Workshop Wednesday, April 19, 3-5pm, N107.**

The faculty meeting called on April 10 took the place of the regular Library Committee meeting. At the suggestion of Miss Mosteller, I personally performed the scheduled business, formation of a subcommittee on plans for the library extension. This eliminates the need for a full committee meeting in April. The architectural subcommittee will meet when called together by the Librarian.
