Smoking Prohibited in Classrooms This Semester

The much debated smoking issue has been concluded, Dr. James C. Windsor, President of Christopher Newport College, in a recent note said, "there will be no smoking in classrooms effective with the commencement of fall classes on September 2.

The issue has been debated for quite some time on campus. The Student Government Association, in an attempt to gauge the sentiments of the student body, conducted a referendum on the issue, however, the voting returns were inconclusive.

Dr. Windsor cites the health hazards of smoking for the implementation of the non-smoking policy. Further, the number of complaints received from non-smokers have increased to the point that positive action on the issue was necessary to protect their right not to be exposed to the carbon monoxide found in smoke filled rooms.

While some smokers claim that they are not mentally alert if they do not smoke, the non-smoker counters that the smoke irritates

and suppresses their senses.

Smoking will be permitted in the hallways, it was said. It was also pointed out that any student may leave a classroom for a smoke anytime it is so desired.

It is the rights of both the smokers and non-smokers which are being assured by this prohibition. The right of the smoker to smoke and the right of the non-smoker not to have to breathe the smoke during classes.

Orientation Schedule for Fall Semester is Announced

The question, "Is it possible for general mayhem, utter confusion, and sheer boredom to exist at the same time and place?" has been asked.

Yes, it can. Practically by definition, Orientation and Registration abound with all three conditions. This is true of most college campuses, and CNC is no different.

When is Orientation not Orientation? When it is entertaining! The Orientation Committee, headed by SGA Vice President Barbara Anderson, has attempted to apply that principle to this year's Freshmen Orientation. The program scheduled for August 26 is as follows:

10:30 to 10:35 a.m. - Welcome and Introduction of Speakers: Barbara Anderson, SGA Vice President.

10:35 to 10:45 a.m. - Opening Speech: Dr. James C. Windsor, CNC President.

10:45 to 10:50 a.m. - Welcome on Behalf of the Faculty: Dr. Thomas J. Musial, Dean of Academic Affairs.

10:50 to 10:55 a.m. - Explanation of Program and Division of Freshmen into five groups: Barbara Anderson.

10:55 to 11:00 a.m. - Groups move to five different booths: Student Guides. Movement to the various booths have been set up on a period and rotation basis. The first period will be from 11:00 to 11:20; second period: 11:25 to 11:45; third period: 11:50 a.m. to 12:10 p.m.; fourth period: 12:15 to 12:35 p.m.; and the fifth period: 12:40 to 1:00 p.m. The five minute interval between each period will be used to rotate the groups.

From 1:00 to 4:00 p.m., identification cards will be made, and vehicle registrations will be accomplished in the Campus Center Lobby.

CNC Fall Registration Scheduled for August 27 in Newport Hall

Christopher Newport College registration for the 1975 fall semester is scheduled for Wednesday (August 27), from 9 a.m. to 12:00 noon and 7:00 p.m. to 9:00 p.m., according to the registrar, Mrs. Brenda Blount.

All applicants must be admitted to the College before they will be permitted to register. Applications for unclassified and classified admissions for the 1975 fall semester will be accepted through 4:00 p.m. on Friday (September 5), and late registration will be permitted during the first week of classes.

Late registration is primarily for students accepted after August 28. It will be held in the Office of the Registrar according to the following schedule: Tuesday (September 2) through Thursday (September 4) from 10:30 a.m. to 12:30 p.m. and from 5 p.m. to 7 p.m., Friday (September 5) from 10:30 a.m. to 12:30 p.m., and Monday (September 8) from 10:30 a.m. to 12:30 p.m. and from 2:00 p.m. to 4:00 p.m.

Prior to Wednesday (August 27), the Admissions Office will be opened for interview and applications daily from 8:30 a.m. to 4:30 p.m., Monday through Friday, according to Keith F. McLoughland, Director of Admissions.

In addition, applications may be processed on Wednesday and Thursday (August 27 and 28) during the hours of registration. At those times students applying for admission should come to Christopher Newport Hall, Room 125.

To assist each student with his program planning, appointments for counseling may be requested by calling Mrs. Bryant, 599-7010.

Unclassified students who wish to carry no more than seven hours need not have a counseling interview prior to registration. However, the College urges all students to take advantage of the program-planning service offered by the Counseling Center.

The Counseling Center is located in Wingfield Hall, Room 116. Dr. Robert W. Wildblood, Director, Mrs. Bonnie Hansen and Glen Vought are the fulltime staff of the Center. The Center is open Monday through Friday from 8:30 a.m. to 4:30 p.m.

A Day Care Center is provided by CNC for CNC students, faculty, and staff, Monday through Friday from 7:30 a.m. to 5:30 p.m. for children from ages 2 to 6 years. For further information call either Mrs. Carol Whitman at 599-7190 or Mrs. Mary Ann Swindlehurst at 599-7067.

Fourteen Faculty Departures

Returning members of the student body will no doubt note the absence of many familiar faces this fall. Fourteen faculty members will not be returning with us.

On leaves of absence are Charlotte D. Fitzgerald, to the University of Virginia, and James I. Moore, to San Diego State College.

Other faculty members who will not be returning are Ronald R. Fennell; Horton H. Hobbs, who will be at George Mason University; Roy A. Hyle, II has gone to TNOC, and Kenneth E. Kirby, who will be teaching and

doing graduate work at Temple University.

The University of Delaware will welcome Robert F. Kraft this fall, and Ruth Mulliken will be at the College of William and Mary. Imogene L. Simmons will be in Germany with the University of Maryland, Joan M. Ward will be teaching Spanish at Fort Eustis, and Ed Flippen has departed for private law practice.

Other departures are Ursula Riddick, Mary M. Thompson, and Wyley Powell.

The listing of new faculty members had not been released as of press time on Friday.

Prepare Now for the Road of Life

As college students, our departure for the outside world is imminent. All too often, we discover that we are not prepared for the trip.

College, to many, is a place, and time, to have fun. Of the almost three thousand students at CNC, only one hundred and sixty-five made the Dean's List last semester, less than 6 percent of the enrollment. The various clubs, committees, sororities, and fraternities need members to assist in meeting their goals.

Participation in organized activities is an important part of a college education. Of the more than thirty student organizations at CNC, there is one which is compatible with everyone's interests - if there isn't, you need only see the SGA president to organize one.

There are departmental clubs such as the Biological Society, Gymnastics Club, History Club, Government Club, Modern Language Club, Psychology Club, Virginia Education Association, and the Sociology Club which provides discussion of topics related to their interests and promotes cooperation between students and faculty. In addition, they offer positions of leadership to interested members.

The Black Student Association, Alpha Kappa Psi, Chi Psi Omega, and Pi Kappa Sigma are concerned with fellowship and harmony. All of these organizations have made major contribution to campus life here.

The Association of Computing Machinery, Christopher Newport Associated Photographers, Craft Guild, Sailing Club, Karate Club, Swimming Club, Fencing Club, and the Tennis Club are activity organizations. They and the Intramural Activities Council are concerned with student participation in various sports and other activities.

General interest organizations includes the Bridge and Chess Clubs. The Christian Science Organization and the Newman Apostolate are the two religious organizations here.

The CNC Players perform theatre art; the Civitan Club is service and citizenship oriented; the Distributive Education Club furthers the aims of DE at the college; and the Honor Society promotes academic achievement.

Issues of equal opportunity for both sexes are explored by the Organization of Women's Equality; the Patrick Henry Forum explores issues and ideas of our time; and the Student International Meditation Society provides lectures and discussions for meditation on campus.

tures and discussions for meditation on campus.

If you are musically inclined, you may want to join the Pep Club, which provides entertainment at athletic and other events on campus. For those interested in health science, there is the Pre-Medical Society.

In journalism, there's the official student newspaper, *The Captain's Log*. The newspaper is published weekly; it also needs reporters and photographers. Also, there is the *Undertow*, the campus literary magazine.

In addition to these organizations, there are the many campus committees which also serves the student body; one is the Campus Center Committee. The Student Government Association is the ears and mouth of the student body. It acts as a direct line of communication between the student body and the administration.

Membership in these organizations affords you the opportunity of meeting people who have ideas similar to yours, and of having fun too. In addition, all of them have made major contributions to campus life, to the community, or both. They also offer you the opportunity of assuming positions of leadership and responsibility, and of interacting with other segments of our society.

You may ask, "What's the point of all this?" The point is simple: we need you! We need you in the various organizations to assist in making our college lives as meaningful and fulfilling as possible. We need you to let us share your experiences, knowledge, and understanding. It doesn't matter whether you've just finished high school or if you're married, have five children, and work full time. If you are a member of the student body, you can make a contribution.

In return for the contributions you make to an organization, it will make one to you. Yes, it will help prepare you for the journey for which you're preparing yourself, I know, you want to know "how!" You can best answer that question by first knowing what it is you want and what your goals are. Second, check the available organizations for the one that will aid you in obtaining and satisfying these goals. And remember, they need you as much as you need them.

Your reward will be one that you can carry with you for the rest of your life as you leave these hallowed halls for the outside world, and your future.

...In Your Ear

By Chuck Edwards

The beginning of a new year is the perfect time to look back over the past and to look forward at the year to come. Many of the issues discussed in this column last year remain unresolved. There are still issues that have not been discussed and new issues are bound to arise.

The State Government is still whittling away at the budget. Unfortunately, education is not exempt from these cuts. At a time when more should be spent for expansion of both the plant and quality of education received, just the opposite is being done. It would be an interesting experiment if more money, say ten times more, were spent on education. In the long run, perhaps much less would have to be spent on programs such as welfare and unemployment compensation.

This school, as yet, has no around-the-clock security system. The State's budget is partly responsible. But what happens to the budget if a computer center, library, or an art collection is lost?

Spring graduation took place right on time, down the road at the Coliseum. Perhaps I could feel better about it if I just had a class down there. There simply is no room in the budget for a building large enough for anything as mundane as a graduation.

Contrary to Dr. Sacks' observations, seniority as a prime variable in the decision of faculty retention is not, nor will it ever be, a viable means of measuring quality. On the other hand, neither is student appraisal. However, the two, combined with peer appraisal and other criteria, would insure

quality. An education is only as good as those who do the educating.

Remember, there will be no smoking in the classroom. Those wishing to cure their nicotine fit will have to wait for the bell.

What does the new year hold in store for the new and returning student? Books will be more expensive because of the large number of changes in texts. This makes it almost impossible for the student to buy used books. If texts were chosen more carefully, these frequent changes would not be necessary, thus giving the student a chance to save money by buying and selling used books.

On the brighter note, the committee in charge of student activities has planned what appears to be one of the best social calendars this school has ever seen.

There will be many things happening this year, some good and some not so good. Many of you will wonder why a certain thing is done the way it is, or possibly, why something is not done. If this is the case, then ask the Question Answerer, a new answer column that will be featured in *The Captain's Log*. If we do not know the answer, we will find it for you. Just bring your questions to *The Captain's Log* office on the second floor of the Campus Center.

Letters from our readers on matters of general interest are welcome. However, they are subject to editing and must be signed. Please include full address and, for verification only, telephone numbers. Anonymous letters will not be published.

Two Hundred Twenty-Five Named to Dean's List

Two hundred-twenty-five Christopher Newport College students have been named to the dean's list for the second semester of the 1974-1975 school year, according to Dr. Thomas J. Musial, Dean of Academic Affairs.

To qualify for the dean's list, a student must in any semester earn forty-eight grade points with no grade below C in academic subjects, and make a grade point average of at least 3.0.

Know Your VA

The Veterans Administration's representative, Mr. Robert J. Aspell, has been at Christopher Newport College since August 1974. in a VA program designed to provide personalized service to veterans and other eligible persons receiving educational assistance benefits under the G.I. Bill.

The Vet Rep on Campus Program has placed more than 1,300 VA representatives on school campuses across the nation. The Vet Reps work to identify and resolve educational assistance problems, simplify payment processing procedures, and counsel veterans on the complete range of VA benefits. He is in direct daily contact with the Roanoke VA Regional Office and has been able to expedite payment problems.

Mr. Aspell is located in the Counseling Center, Wingfield Hall, on Mondays, Wednesdays, and Thursdays from 8 a.m. to 4:30 p.m.

In addition to his duties here, he also services veterans attending the College of William and Mary, Rappahannock Community College, and the College of Hampton Roads.

Campus Center Committee to Operate CC

By Faith Ann Gibson

A few changes have taken place in the Campus Center operations this year. The most important thing is that the students have more control. There is a Campus Center Committee which is mostly composed of students. The four branches of this committee include Programming, Publicity, Building Maintenance (includes the cafeteria) and Budget.

The CC Committee is a volunteer group, and Jim Rollings, Assistant Campus Center Director, says that they need and want people to join if they are interested. Theresa Warf is the Student Program Chairperson and Publicity

Chairperson is Mary Dvorak. The Budget and Building Maintenance Committees do not have chairpersons at the present.

Another interesting fact about the CC is that \$13,000 of the students' money is used to operate the building. All other money comes from the building itself.

Last year, one of the biggest complaints around the CC was that students were forced to curb their activities (dances, etc.) because of outside activities taking place. One of these "outside" activities is the Peninsula Community

Theatre.

The PCT actually benefits the school. There is the cultural aspect, in addition, PCT pays rent for the use of the theatre. PCT puts on five performances a year at CNC. The first is free to students. All outside activities pay rent for the use of the Campus Center, therefore, they should not be seen as enemies.

According to Jim Rollings, more things are happening within the CC building each year. Students should not just come to class and go home. "Everyone needs some social life," Jim

says. "There is no such thing as apathy. Just because you plan something doesn't mean that people are going to come," he said.

Jim would like to broaden the number of activities within the CC. Be sure and look for the calendar of scheduled events because it is full of a lot of different activities.

The hours of operation for the Campus Center are 7:00 a.m. to 10:00 p.m. - Monday thru Thursday, and 7:00 a.m. to 5:00 p.m. on Friday. The CC will be open only for planned activities on the weekends.

CNC Players Offers Children's theatre

The Christopher Newport College Players will offer a special season of children's theatre this fall. Three puppet shows have been scheduled to appear in the college's Campus Center Theatre as part of the Players' expanded 1975-76 theatre season. Atlanta's highly acclaimed Vagabond Marionettes will make their third consecutive Peninsula appearance on Monday morning, October 13 when they present Aladdin in the Campus Center. Last season the company appeared at CNC with their colorful production of Pinocchio. Two seasons ago they presented Jack and the Beanstalk under the Player's sponsorship. As is always the case with Vagabond Marionette performances, the show will feature a live actor in a leading role, period costumes and a classical music background. After all Vagabond Marionette productions, the children are invited to stay and see the puppet stage dismantled, exposing all the theatrical devices that make for the magic of the puppet stage.

The Vagabond Marionettes are directed by Vincent Anthony and recently appeared at Princeton University and Washington's Kennedy Center as part of a Northeastern tour. They have also appeared on the TV show, "Mr. Roger's Neighborhood."

In November, the CNC Players will present the Jerry Halliday Marionette Company. The Halliday troupe is presently housed at the Chrysler Museum at Norfolk. On the morning of November 17, the Halliday troupe will perform James M. Barrie's Peter Pan. The production has been called: "easily the most lavish, and attractive any Tidewater puppet theatre has produced in years." Under the direction of Jerry Halliday, who began his career in theatre at the old Wedgewood Theatre in Toano, the company has toured in North and South Carolina, Washington, D.C., and Maryland.

On the Morning of December 8, the Halliday Marionettes will present the premiere performance of their new production of The Wizard of Oz on the CNC Campus Center Stage. The show will be the first new mount of the season for the company.

All performances will be offered in the Campus Center Theatre which seats 400. There will be two shows each morning, at 9:30 and 11:00 a.m. Tickets are \$1.50 with a \$0.25 reduction for students attending in groups of 25 or more. All seats are available for all performances and will be offered on a first come first served basis. Individual seats will not be reserved but groups will be seated in order of reservation.

Recently Published CNC Catalog is Available

Christopher Newport College has recently published a 1975-77 catalogue, according to Dr. Thomas J. Musial, Dean of Academic Affairs.

The catalogue was assembled under the editorial direction of John T. Harwood, Assistant Professor in the Basic Studies Department. Mr. Harwood teaches writing at the College.

The organization of the new catalogue reflects the College's new five academic divisions. The catalogue also contains informa-

tion concerning course offerings, degree requirements, admissions policies and procedures, financial aid, the College calendar, officers and faculty, and other valuable information about the College.

Dr. Musial has stated that "there have been many favorable responses to the College's new catalogue, and Professor Harwood's work is to

be commended."

The new academic year at CNC will begin with a Faculty Workshop on Monday (August 25), and an orientation for freshmen and new transfer students on Tuesday (August 26). Student registration will be on Wednesday and Thursday (August 27 and 28). Classes will begin at 8:00 a.m. on Tuesday, September 2.

Persons interested in obtaining a copy of the new catalogue or further information concerning course offerings or admission to the College should write to Keith McLoughland, Dean of Admissions, Christopher Newport College, P.O. Box 6070, Newport News, Virginia 23606, or call the Registrar's office at 596-7611, or drop by in person.

Shirley Chisholm Delivers Commencement Address

Congresswoman Shirley Chisholm, D-N.Y., told 173 May graduates that education had been a complete failure if it has failed to open your hearts.

Mrs. Chisholm said that "unless you accept the belief in the brotherhood of man, all else you do can not save America."

Have concern, courage, commitment, and for god's sake, compassion," she urged. It's your obligation to fight for the equality of man."

Following her presentation, Dr. James C. Windsor, CNC President, presented Mrs. Chisholm with the Distinguished Service Medallion for "her integrity, commitment to serving others, her compassion for all who suffer, and for her dedication to those humanistic values which are essential to a meaningful life."

The Distinguished Service Award is presented, very selectively, to persons who have made outstanding contributions to the College, the community, and the State and Nation. The medallion has been presented to only four other persons. It consists of a bronze replica of the College seal suspended from a blue and white ribbon.

Degree candidates were presented by Dr.

Thomas J. Musial, Dean of Academic Affairs. Of the 173 degrees conferred, 19 were Associate in Arts, 77 were Bachelor of Arts, and 77 Bachelor of Science degrees.

Competitive Grants for Graduate Studies Opened

The Institute of International Education today announced the official opening of the 1976-77 competition for grants for graduate study or research abroad in academic fields and for professional training in the creative and performing arts. It is expected that approximately 550 awards to 50 countries will be available for the 1976-77 academic year.

The purpose of these grants is to increase mutual understanding between the people of the United States and other countries through the exchange of persons, knowledge and skills. They are provided under the terms of the Mutual Educational and Cultural Exchange Act of 1961 (Fulbright-Hays Act) and by foreign governments, universities and private donors.

Applicants must be U.S. citizens at the time of application, who will generally hold a bachelor's degree or its equivalent before the beginning date of the grant and, in most cases, will be proficient in the language of the host country. Except for certain specific awards, candidates may not hold the Ph.D. at the time of application. Candidates for 1976-77 are ineligible for a grant to a country if they have been enrolled in a university or doing research in that country during the academic year 1975-76.

Creative and performing artists are not required to have a bachelor's degree, but they must have four years of professional study or equivalent experience. Social work applicants must have at least two years of professional experience after the Master of Social Work degree; candidates in medicine must have an M.D. at the time of application.

Selection is based on the academic and or professional record of the applicant, the validity and feasibility of his proposed study

plan, his language preparation and personal qualifications. Preference is given to candidates between 20 and 35 years of age who have not had prior opportunity for extended study or residence abroad.

CNC students interested in more information and application forms should contact Dr. Knorr, Fulbright Program Adviser at 599-7109.

He is located in Wingfield Hall 218 and has office hours on MW from 10 to 12. The deadline date for receipt of applications in his office is October 3, 1975.

Illegal Altering of Automotive Glass-Glazing Materials

Application of spray or plastic sheeting to motor vehicle windows and windshields, particularly campers, is illegal under Virginia law, Colonel H. W. Burgess, Superintendent of State Police, warned today.

All glass and glazing material for motor vehicle use must be of types approved by the State Police as meeting national regulations, he said, and must bear the manufacturer's name or trade mark etched into the material. Such glass must also be permanently marked as to classification, indicating in what part of the motor vehicle it might be used. Windshield and window glasses can have different classifications.

Colonel Burgess noted that State Police inspection regulations prohibit the application of any tinting materials, as spray or sheeting, and that such treatment does away with the initial approval. It also interferes with vision and light transmittance.

He continued in saying that unapproved glass and glazing materials are often being used in reconstructed vehicles, as when van types are converted into campers or mobile homes.

"A vehicle equipped with unapproved glass or glazing materials, or the approved types which have been altered through spray or sheeting, cannot pass inspection and drivers are subject to a summons for any operation," he observed.

Orientation Program Response Survey

In order that future Orientation Programs may be improved, new students are requested to complete this form and leave it at the Campus Center Desk.

Orientation was

- ☐ Too short
- ☐ Too long
- ☐ About the right length

The entire program

- ☐ Did not answer my questions
- ☐ Tried to answer too many questions
- ☐ Properly covered the topics

The students and staff were

- ☐ Distant and aloof
- ☐ Friendly and helpful

My reaction was

- ☐ Boredom
- ☐ Indifference
- ☐ Enjoyment

If I could change the Orientation Program, I would:
