Administrations are to be conducted between November 29 and December 11, 1982, inclusive. I ask that each recipient please take a few minutes prior to these last two weeks of classes to become familiar with these instructions and to locate the materials necessary to implement them. To be eligible to be paid overtime, advance approval of the President or appropriate Vice President must have been obtained in writing except in cases of emergency. Employees who actually work more than forty hours in a single work week will be paid at the rate of one and one-half times their regular pay rate for those beyond forty. Employees may elect to receive compensatory time in lieu of overtime pay provided it is approved in advance in writing by their supervisor.

Survey of Public Meeting Facilities

On file in my office is an interesting and informative survey of Public Meeting Facilities maintained by state agencies and institutions of higher education. The purpose of this report is to support the Governor's emphasis on economizing by making maximum utilization of the state's existing resources.

Each agency and college is listed with complete records of meeting rooms, food services and overnight facilities. Please feel free to ask to see it at any time.
