### Admissions

The Admissions Office wishes to thank those members of the faculty and staff who joined us for the annual President's Reception. Almost 360 new students and family members attended; this represents a substantial increase over last year's program. Many of those who had the chance to meet members of our faculty have expressed to us their appreciation for that opportunity.

We are also pleased to report that, as of April 1, Classified applicants for the coming year are running 8% ahead of the same date last year.
