Larcenies Reported During 1984

During the period of January 1, 1984 to December 31, 1984 there were 26 incidents of larceny reported to Campus Police resulting in losses totaling \$2,673.50.

The following is a breakdown of the reported larcenies and the dollar loss in 1984 as compared with 1983:

Property	1984		1983	
	Larcenies	Dollar Loss	Larcenies	Dollar Loss
From Buildings	15	\$1,313.00	18	\$1,598.00
From Automobiles	5	790.00	3	374.00
Bicycles	1	435.00	4	848.00
Auto Parts & Accessories	2	95.00	1	200.00
Coin Operated Machines	1	.50	2	168.00
All Other	2	40.00	3	75.00
Total	26	\$2,673.50	31	\$3,263.00

As noted, the majority of the reported larcenies occurred within campus buildings and consisted of wallets, purses, articles of clothing, jewelry and personal electronic equipment (radios, calculators, tape recorders, etc.) that were left unattended by the owners.

Campus Police offer these suggestions to help prevent or reduce the incident of larceny:

1. Do not leave bicycles unsecure and unattended. Lock bicycles in bicycle rack or to an immovable object.
2. Do not leave wallets or purses unattended on desks or tables.
3. Mark your radios, tape recorders, calculators, etc. with your social security number.
4. Lock your automobiles and don't leave valuables in unattended vehicles.
5. Keep personal articles of clothing with you.
6. Do not leave your office open when unattended. Close and lock the door.

Most important of all, report suspicious persons observed on campus to the Campus Police Department immediately.

-- Campus Police Chief

Job Search Strategies Workshop

The Office of Counseling and Career Services is sponsoring a two-part job Search Strategies Workshop to assist job seekers in identifying practical steps in the job-hunt process. The workshop provides general guidelines for the job search and enables participants to identify and implement job search strategies appropriate for their individual needs.

The length of the two-part workshop is three hours; each session is an hour and a half. The format includes lecture, exercises and discussion, which actively involve participants.

Assignments requiring participants to take action for their job search will be expected before the second session. In the second session, participants refine their ideas and prepare an action plan to implement the job search strategies they have identified.

The target audience is Christopher Newport College juniors, seniors and graduates. The workshop objectives are:

- . to provide information on job search strategies, implementation tools, and resource aids
- . to provide a system for identifying, selecting, and evaluating job search strategies
- . to promote a positive attitude about the job search process as a vehicle for personal exploration and growth.

The workshop is scheduled to be given twice: April 1 and 3 from 4:00 - 5:30 p.m.; April 2 and 4 from 3:30 - 5:00 p.m. The minimum number of registrants required to hold the session will be 10; the location will be determined based on the number of registrants.

If you would like to register for one of the workshops, stop by the Office of Counseling and Career Services in the Campus Center, Room 146. A materials fee of \$3.00 cash must be paid in advance. A receipt will be provided with your materials the day of the first session.

#### Federal Employment Opportunities

An informational bulletin board regarding current federal vacancies and co-op/internship opportunities is now available inside the Office of Counseling and Career Services. The Federal Job Opportunity List is received bi-weekly from the Office of Personnel Management in Norfolk and posted for students' perusal. Additional information is housed in the Career Resource Library in the Campus Center, Room 146.

Applications are being accepted presently for the position of Industrial Engineering Technician, located in Southside Hampton Roads (GS-5, salary \$14,390), until March 21, 1985.

College course work in engineering technology, industrial management or relations, business or public administration, math, statistics, psychology, or vocational education may be substituted for actual work experience.

The Defense Investigative Service has announced a Temporary Limited Appointment in Newport News as Security Assistant (GS-5). The closing date for applications is March 22, 1985. College study may be substituted for general experience if course work included an average of at least six semester credit hours a year (or equivalent) in business administration, commercial law, public administration, engineering, industrial management, accounting, or industrial security administration. The temporary appointment may be extended in one-year increments for a total of up to four years of service.

Applications and detailed information regarding these and other civil service positions are available in the Office of Counseling and Career Services.

#### YMCA Volunteers

The YMCA needs volunteers to officiate at games for youth T-ball and softball. The games will start in May and will be played on Monday and Wednesday evenings between 5:30 p.m. - 7:30 p.m., at Saunders Elementary School and Menchville High School. Games will also be scheduled on Tuesday and Thursday evenings at the Peninsula YMCA. Anyone interested should phone Laurie Elliott, Community Director at the YMCA at 245-0047.

\* \* \* \* \*

#### Civil Service Opportunity

Fort Monroe will be recruiting on-campus for the position of Supply Specialist on April 9, 1985 from 9:00 a.m. - 12:00 p.m. Fort Monroe has direct hiring authority under Schedule B for this Career Intern Opportunity at a GS-5 level with promotion potential to GS-9. The annual entry salary for Step 1 at the GS-5 level is \$14,390.

Graduating Seniors with a 3.5 GPA and educational background in business or mathematics may sign up for an interview in the Office of Counseling and Career Services. A complete credentials folder must be on file in order to sign up for an interview. A current transcript verifying overall grade point average must be brought to the interview session. The Fort Monroe recruiters have authority to hire "on the spot" for two position vacancies. Students must be willing to begin work immediately upon graduation in May.

For further information, contact the Office of Counseling and Career Services.

#### March A.S.T.D. Meeting

(Newport News) - The Southeastern Virginia Chapter of the American Society for Training and Development (A.S.T.D.) will hold its next meeting on Wednesday, March 27, from noon until 2 p.m. at the Chamberlain Hotel at Fort Monroe in Hampton, according to Norma Brown, Chairman of Public Relations for A.S.T.D. and Assistant Director of Continuing Education at Christopher Newport College.

The speaker will be Louis O. Miller, Executive Vice President of the Virginia Peninsula Chamber of Commerce, who will discuss developments that are creating changes in training needs for the Peninsula.

Advance reservations are required by March 25 for this luncheon meeting and can be made by calling Eileen Werber at 441-4505 (Southside) or Norma Brown at 599-7153 (Peninsula). The cost of the luncheon is \$11, and the meeting is open to the public.

-- Norma J. Brown, Assistant Director,  
Continuing Education

#### Garden Plots

Members of the faculty and staff wishing to have one or more 25' X 25' garden plots should call or see Marvin Bates at the Service Building, or call 7240 or 7035 to reserve a plot. The plots, located at the corner of Moore's Lane and Prince Drew, have been plowed and will be staked in 25' X 25' parcels. Please reserve your plot with Mr. Bates by April 1. Basis for reservation is first come first serve.

With reference to the above plots: Reserving one constitutes a commitment to weeding later on. The College reserves the right to mow or plow obviously neglected plots to avoid this property becoming a weedy public disgrace.

Marvin Bates, Grounds Supervisor

#### Committee on Degrees - Meeting 3/14/85

The Committee on Degrees met March 14, 1985 at 2:30 PM. The following members were present - Professors Paul, Grobel, Hornback, Weber, and Williams. Dr. Summerville was also present to discuss with the committee the implementation and interpretation of the new curricular changes.

In other business, the committee approved the list of candidates for degrees for May 1985, contingent upon successful completion of all requirements; and considered the following petitions.

Student #1: Student petitioned to be allowed to take at least 20 hours of coursework in the major field of English at the College of William and Mary.

Committee Action: Recommends approval based upon recommendation of the Department of English.

Student #2: Student petitioned to be allowed to present History 101-102 as the humanities requirement since it fulfilled the humanities area at the previous college and present another sequence with History 201-202 to satisfy the social science requirement at CNC.

Committee Action: Recommends approval based upon the faculty guidelines concerning satisfying distribution requirements.

Student #3: Student is a second degree candidate at CNC and has petitioned to have the distribution areas of humanities and natural science satisfied by courses taken for the first degree at the previous college. The courses were in English, biology and astronomy.

Committee Action: Recommends approval based upon faculty guidelines concerning the areas of distribution being satisfied at the previous institution.

There was one case with no action taken pending additional and specific information.

-- Jay S. Paul, Chairman

## Faculty Grievance Committee Report & Recommendation

In the course of its operations this year, the Faculty Grievance Committee has encountered several problems in the present statement of the "Faculty Handbook" (Section VII, part B. 10, Faculty Grievance Procedures). The following recommended changes are based on those observations. Due to time constraints, the particulars have not been reviewed by the full Committee; therefore, this report should be considered as a recommendation from the Chairman that attempts to implement the general intent of the Committee. Because the Handbook Committee is making its recommendations within the next week or so on this section of the Handbook, it is necessary that the matter be considered by the Faculty at the March meeting if a Faculty recommendation is to be obtained. Most of the substantive changes have been discussed with the President and the Assistant to the President (who is a member of the Handbook Committee). Deletions are in [brackets]; additions underlined.

page VII-54, VII. B. 10.

- a. A faculty member who has suffered or believes that he or she will suffer material or professional loss...
- b. 2) add: In general, the informal procedure is carried out only to two levels. At each level, a response is required within five days; a lack of response within the specified time is equivalent to a denial of the appeal.
- c. 1) If the grievance [has not been resolved] is not resolved after [carrying it to] consideration at the [highest] next higher administrative level, [in] according to the informal procedures, the faculty member, within five (5) [working days of notification of failure of the grievance] days during which the College is in session following notification of denial of the appeal may file... (line 11) ... must state with reasonable precision...
  - 2) ...within three (3) [working] days [of] during which the College is in session following receipt...
  - 3) The Chairman of the FGC may then call upon other members of the FGC or the College community to [ascertain whether] assure that the petition contains grievable matters and [whether attempt has been made to first seek resolution through the informal procedures] that the Informal Grievance Procedures have been completed. (Omit last sentence and add:) Only if both requirements are met is a grievance properly before the FGC. The Chairman of the FGC notifies the petitioner of the acceptance or rejection of the petition; this determination should normally be completed within one week. If the grievance petition is rejected, the reason for rejection is stated in the denial, which is also reported to the Committee members at that time.
  - 5) The Chairman of the FGP [notifies] arranges with the concerned parties [of] the time(s), date(s) and place(s) [for the purpose] of meeting(s) to [discuss] consider the matters alleged in the grievance...
  - 6) (Replace entire section with:)

The FGP shall normally complete its operations within thirty days, by which time it submits its signed report and recommendations to the grievant and the party against whom the grievance is directed. Should it become evident that this time constraint will prevent adequate consideration, the Chairman of the FGP seeks agreement of both parties to the grievance to an extension of specified time; that failing, the full FGC may grant an extension of no more than two additional weeks. Any further extension must be approved by the President or, for a grievance directed against the President, by the Board. The FGP report is also transmitted to the administrative officer immediately above that against whom the grievance was directed or, in the case of a grievance against the President, to the Board. The College official receiving the recommendation (or the Board, as appropriate) takes final action and notifies all concerned of that action.

7) (This section is not really part of the Faculty Grievance Procedures and might better be presented in a separate section or at the beginning or end of

8) (Omit second sentence)
