DEANS' ANNOUNCEMENTS

WILLIAM PARKS
June 5, 1930 - August 27, 1978

The unexpected death of Dean William Parks has left a void in the college community and a deep sense of loss on the part of all. We all knew Bill as a scholar, a true gentleman, a dedicated teacher, a friend, and a man with a driving desire to strengthen the academic and cultural awareness of students and faculty alike. His dedication to the best in all things, his humanism, his loyalty and his kindness will continue to be an inspiration and an example for us.

The William Parks Education Trust Fund

One of the most important concerns of Dean Parks was that he would be able to provide his son, William Jr., with a college education. Billy is an excellent student (National Scholastic Honor Society) and will graduate from high school this December.

In order to assure the full realization of Dean Parks' goal, a trust fund is being set up for the purpose of accepting and administering donations made in his memory and which are to be used exclusively for Billy's college education.

Further details will be distributed next week.
