Annual Inventory of Books in the Smith Library

The annual inventory of books in the Captain John Smith Library will be taken beginning May 13. Therefore, it is necessary to call in all books which are circulating.

We ask that all faculty members help us in this by returning all materials as they finish spring courses--no later than May 10. Materials needed over the summer can be renewed at that time.

Jennilou Fernsler, Readers' Services
Librarian

NOTICE FOR FACULTY
DEADLINE FOR BOOK ORDERS

MAY 9, 1980

You are reminded that monies for book requests not turned in by May 9, 1980 will revert to the general library fund.
Faculty-Library Coordinators

Operation of Internal Postal Facility

All employees are reminded to observe the rules established for the operation of an internal postal facility.

- 1) Outgoing U.S. mail should be accompanied by a mail slip, complete with account code, and left at the mail desk.
- 2) All mail for distribution on campus should be deposited in the slot in the mailroom door. Only mailroom personnel are authorized entry to the mailroom.
- 3) Mailbox combinations should be used. If students are to pick up departmental mail they should also be given box combinations. No mail will be given to students unless a written authorization is on file.

C. Hones, Vice President for Academic
Affairs

National Science Foundation Peer Review Panels

The American Association of State Colleges and Universities (AASCU) is seeking nominations of science faculty members that it can recommend to the National Science Foundation for Peer Review Panels. These panels will review research and science education proposals submitted to NSF for funding.

Any faculty member interested in being nominated should contact the Vice President for Academic Affairs as soon as possible.

NEWS & GENERAL INFORMATION

News From the CNC Chapter, AAUP

We had an excellent response (and on quite short notice) on our petition to the Appropriations Committee of the House of Delegates against HB 731, which would have drastically curtailed the retirement benefits of those enrolled in the Virginia Supplemental Retirement System. I am grateful to all of you who helped. And I am also happy to report that our efforts were of some avail. Here is the reply of Mr. Richard M. Bagley, Chairman of the House Appropriations Committee:

"Thank you for your letter of February 16th and the petition from faculty and staff members expressing concern for House Bill 731 dealing with the Virginia Supplemental Retirement System. HB 731 was carried over by the Appropriations Committee. Portions of the bill were amended and incorporated into House Bill 9, which was reported by the Appropriations Committee last Friday, has now passed the House, and is presently being considered in the Senate. As reported by the Committee, this measure will not affect current or future benefits of present VSRS members."

The Governor signed the revised bill, HB 9, into law a short while ago.

It is a good thing that our legislators are sensitive to the needs of their constituents. Yet we were unable to prevent the lower benefits from applying to all who enter the VSRS after the cut-off date this year. At least, however, those who decide to work for the state will know what benefits they will get.

The AAUP initiative for tuition scholarships for faculty dependents did not fare so well this year. First it was converted into a request for a study on tuition scholarships. Then this request for a study was turned down by the Senate Rules Committee on February 29. No doubt we will try again on this one.

I am resigning as president of the CNC-Chapter on June 30 in order to accept a Fulbright Fellowship at the University of Bergen in Norway for the fall term of 1980. Nothing has been more rewarding for me or has given me more pleasure at CNC than my years of work with the great group of people in the AAUP Chapter. Together we have accomplished much. The one significant failure that galls me has been our inability to prevent the continual and significant erosion of faculty salaries against inflation. Yet I am convinced that with a tough stance, considerable effort, and a broader basis of support similar to unionization, we can stop this erosion. At least I hope to work with the Chapter toward that goal and other goals when I return.

Submitted by John Hoaglund

Dean William Parks Memorial Colloquia Series

On Wednesday, April 23, the Dean's Colloquia Series will present its final program for the academic year. Featured will be Dr. H. Marshall Booker who will read a paper entitled "The Economics of Energy" at noon in the Campus Center Theatre. Following Marshall's paper, we will hold a luncheon in his honor in CC233 at 1:00. At 2:00 an informal seminar will be held in the Board Room where Marshall will discuss his research on energy problems.

The Committee welcomes you at each of these events. To make your reservation for the luncheon, please forward \$5 to me by Monday, April 21. Thank you.

Jim Morris, Chairman
Dean's Colloquia Committee

Dr. Algin B. King appeared as a featured guest on a 30-minute TV program called "Perspectives," on Channel 13, on Sunday, April 13. The subject of the inverview was "The State of the American Economy."

COMMITTEE REPORTSAcademic Status Committee

The Committee passed the following motion to place on May calendar for faculty action.

"Student Progress Reports will be mailed to each student indicating his academic progress as of the end of the fifth class week. All instructional faculty are required to turn in grades, if available, for any student earning either a "D" or "F" at the end of the fifth week. If a student is not attending class an "F" grade should be submitted."
