February Faculty Meeting

The Instructional Faculty will meet at 3:00 P.M., Friday, February 6, 1987, in A-105. Committee chairmen and individual faculty members who wish to have items of business considered at this meeting must submit the substance of such items to this office for inclusion on the agenda no later than noon, Wednesday, January 28, 1987. It would be helpful to all concerned if all committee reports to be presented at this meeting were submitted for publication by this deadline as well.

I have asked Interim President Healy to attend this meeting and speak to the Faculty on matters of interest to all of us in the next several months -- with special reference to the status of legislative matters affecting CNC. Also, the Faculty will be asked to endorse the report of the ad hoc Staffing Committee, which was received in this office yesterday. This report is now being duplicated and will be distributed in the near future to all instructional and administrative faculty in the academic affairs division of the College.

The agenda will be published in the Chronicle of January 30, 1987.

Program Review Process

Last July 11 I published in the Chronicle the schedule for the second round of the program review process. This process was to begin in the present semester and, examining the programs of two departments per semester was to continue through the spring semester, 1991.

Pursuant to recent discussions with the PRC chairman, as well as with the chairmen of some of the departments involved in the early reviews of this second round, I have become persuaded that the value of this process will be substantially enhanced if it is postponed by one year. Accordingly, the programs of the several departments of the College will be formally reviewed by PRC in the semesters indicated in the following table:

<u>SP88</u>	<u>FA88</u>	<u>SP89</u>	<u>FA89</u>	<u>SP90</u>	<u>FA90</u>	<u>SP91</u>	<u>FA91</u>	<u>SP92</u>
PHIL	B&CH	A&C	ENGL	ECON	CPSC	ACCT	EDUC	NURS
POLS	HIST	MATH	SOSW	MCLL	LSPE	PHYS	MGMT	PSYC

The PRC's recommendations concerning all programs for which a given department has administrative responsibility will be due in this office no later than the end of the semester under which the department's name appears in the above table. No later than the beginning of the preceding semester the PRC will contact the appropriate dean and department chairman, advise each as to what departmental submissions will be required for the impending review, and prescribe reasonable deadlines for their receipt. The school dean will be responsible for assuring timely submission of the required materials.

The criteria for these reviews were published in the Chronicle of July 11, 1986, and are

also available from the PRC chairman and this office.
