Approved Minutes of Curriculum Committee Meeting  
February 5, 1986

Present: Olson (chairman), Barbour, Bostick, Durel, Hooper, Hornback, Hunter,  
Park, Pellett, Powell, Turner, Weber

The minutes of the meeting of January 29 were approved.

The Committee met with Dr. Hoaglund to explore further the issue of the transfer of PHIL 121, 122, 123, offered by community colleges, to CNC when the new curriculum goes into effect. The problem revolves around two issues: 1) the maintenance of the articulation agreements. This sequence satisfies the Humanities Requirement in the community colleges. Should it therefore satisfy one half of CNC's 12-hour Humanities Requirement? 2) the use of one course sequence to satisfy two requirements. Since the course sequence is a Logic course, should it also satisfy the Critical Thinking requirement for the Letters Degree? (New curriculum: IV, 1, A)

The Committee voted to accept the transfer to CNC of PHIL 121, 122, 123 as PHIL 101 and a lower-level elective, meeting the Critical Thinking component of the Letters Degree requirement but not fulfilling one half of the Humanities Requirement.

The Committee discussed the materials submitted by the English Department concerning ENGL 207-208 and voted to return the proposal to the English Department until a tentative global syllabus is submitted.

Dean Durel informed the Committee of the intent of the Political Science Department to modify its 101, 102 sequence. POLS 101 will be deleted from the catalog. POLS 102 will be renumbered as 201; POLS 221 will become 202. POLS 201-202 will thus constitute the non-global lower-level introductory Political Science course. The new numbers were chosen to avoid the duplication of course numbers and thus preserve the continuity of the data base. The sense of the Committee was approval of the alteration.

Next meeting: Chairman will notify.

Respectfully submitted,  
Theodora P. Bostick, Secretary

V. The faculty approved the Curriculum Committee's recommendation that Theatre 210-211 be considered a course sequence that meets the "Global View" criteria. The faculty voted to send back to the Curriculum Committee for further consideration its second recommendation that the College continue to accept PHIL 121, 122, 123 (from the community colleges) as transferring in as PHIL 101 plus lower-level electives, which would meet the Letters Degree Requirement but not one-half of the Humanities Requirement.

VI. The faculty approved the recommendation from the Subcommittee on Commemoratives and Publications of the 25th Anniversary Steering Committee that "At the helm of the future" be the College's motto. The faculty voted to table the motion to approve "We Will Cherish Christopher Newport" as the official College song.

VII. The faculty approved the recommendation from the Faculty Advisory Committee that the FAC be empowered by the Instructional Faculty to advise the president on matters regarding personnel in the event of a declaration of financial exigency during the current fiscal year.
