DEAN'S ANNOUNCEMENTS

College Smoking Policy

The College has a "controlled" rather than a "no" smoking policy which went into effect at the beginning of the 1975 Summer Session. Smoking is not allowed in classrooms with the understanding that any student or member of the faculty who finds it necessary to smoke during the class period may retire to the hallways where smoking is permitted. This is an official policy of the College. Members of the faculty are expected to cooperate in its implementation.

FACULTY NEWS

The Winter 1976 number of the British Journal of Aesthetics has an article by JOHN HOAGLUND on "Originality and Aesthetic Value."

PRESIDENT WINDSOR appeared on the "Open for Opinion" show, WRVA Radio on Wednesday, February 25, to speak on the topic of "Living Well - Dying Well."

NOTICES

The Faculty Advisory Committee will hold its next meeting on Tuesday, March 2, at 3:00 P.M. in the Board Room of the Campus Center.

The Committee wishes to be responsive to the problems and concerns of faculty members, since one of our concerns is faculty welfare. The first part of each future FAC meeting this year will therefore be set aside for any faculty member to bring individual or general concerns to the attention of the Committee. If you wish to bring any matter to our attention but are unable to attend the meeting, please see any member of the Committee or send me a note.

For the Committee,

Teddy Bostick

REMINDER--PROTECT YOUR PERSONAL EFFECTS

We have had a marked increase in reported thefts of personal items from classrooms and offices. Items left in sight of others is, unfortunately, a temptation. Don't you be next!
