I.D. Required for Checking Out Reserve Materials

Library policy requires all students checking out library materials to have a valid Christopher Newport College student I.D. This includes reserve materials. It would be helpful if you would mention this to your students as you make reserve assignments.

Jennilou Fernsler, Readers' Services
Librarian

Reminder About Media Services

Faculty and staff are reminded that two (2) days prior notice is required for scheduling all television and audio-visual equipment. If a student wishes to use such equipment in a class on campus, it is the instructor's responsibility to schedule such equipment.

Equipment may be picked up without prior notice provided such equipment has not been previously scheduled for another user. This equipment will be picked up by the faculty member from the Media Department circulation desk and returned to the desk after use.

Frank Edgcombe, Assistant Library
Director for Technical Services
and Media

PRESIDENT'S NOTES

As a result of requests for further information on comparative education costs at Virginia public institutions, I am making available the data depicted on September 11, 1981 (Table I).

You will note that my statement about "Room and Board" being added to the "total costs" was incorrect. "Room and Board" was masquerading under the "Auxiliary Enterprise" rubric.

To remedy this, a different analysis has been made (Table II) and is furnished also for your information. The source for these data is also listed.

I trust that you will find this information useful as you discuss the merits of Christopher Newport College.

NEWS & GENERAL INFORMATIONDean's Colloquia Series Lecture

The Dean William Parks Memorial Colloquia series will present Dr. William J. Morgan of Washington, D.C. as its first speaker of the year. Dr. Morgan is Senior Historian and Head of the Historical Research Branch of the Naval Historical Center. The author of four books on American naval affairs, Dr. Morgan is best known as the editor of the multi-volume series Naval Documents of the American Revolution.

Taking as his topic the Battle of Yorktown in conjunction with the October Yorktown bicentennial celebration, Dr. Morgan's talk will be entitled "Yorktown: A Naval Victory of Note."

This lecture will take place on Wednesday, October 7, at noon in the Campus Center Theatre. As in past years, a luncheon in the guest's honor will follow in the Campus Center. Faculty members wishing to join Dr. Morgan and the Committee at lunch should forward \$4 to me by Monday, October 5.

Dr. Morgan will also hold an informal seminar in the Board Room at 2:00 to discuss Yorktown, the Revolutionary War, and, if asked, the work carried out at Naval Historical Center.

Please join us at these events.

Jim Morris, Department of History
Chairman, Dean's Colloquia Committee

Public Relations Notes

We rarely know in advance when our CNC family will be on T.V. and we regret not being able to give advance notice, but we will be able to see Dr. Behymer at 12 noon on Channel 10, WAVY on September 25. He will discuss financial aid.

Last week there were two nice segments on the evening news about the Webbs and their contributions to preservation and conservation of the waterman and the oyster industry in the James River. It was advance publicity for their big evening on September 25.

In the next few weeks we will have an Op-Ed piece in the Times-Herald from one of our noted economists on "Are Government Budgets Out of Control?"

Recently Dr. Jay Paul published an Op-Ed piece for the same editorial page on "Current Fiction Reflecting Today's Morality." It was an extremely well written piece and there is a copy on file in our office if anyone would like to see it.
