Official Announcements

Candidates for Vice President for Institutional Advancement

The VPIA search committee has identified three additional finalists to be interviewed on campus over the next few weeks. As is our custom, an open session has been scheduled for each. That session will be held from 1:00 to 1:45 p.m. in the room indicated on the candidate's interview day. The search committee invites all members of the College community to join us for these sessions. For your information, a brief profile of each finalist follows:

Mr. Bruce Froehlke - Wednesday, May 4 - Open Session Room A-105

Mr. Froehlke has been the Vice President for Institutional Advancement at Blackburn College in Illinois since 1986. During his tenure there he developed a 3-year marketing plan which resulted in \$1 million in gift income in its first year. He has also significantly increased alumni participation in the annual fund drive at Blackburn. His responsibilities there also include public relations for the college. From 1979 to 1986, Mr. Froehlke worked at the University of Missouri -- Columbia, first as the manager for campaigns and special projects, and later as Director of Development. He includes among his accomplishments there comprehensive responsibility for corporate and foundation support (which reached \$4.5 million in FY '85) and coordination of all major gift activity (\$13.2 million in the same year). Between 1976 and 1979, Mr. Froehlke worked as the Assistant, then Associate Director of Development at Haverford College in Pennsylvania -- the school from which he graduated in 1973 with a B.A. in Philosophy.

Dr. Thomas R. Conrad - Thursday, May 5 - Open Session Room A-105

Dr. Conrad is currently the Vice President for Development at Monmouth College in Illinois and for the last ten years has been the chief development officer at that school. During that period, he has taken the college's endowment from \$5.1 million to \$14.2 million. Between 1984 and 1986, he also led a successful \$15 million capital campaign for Monmouth. In addition to fund raising, he is responsible for alumni relations, parent relations, grant writing and college publicity. From 1974 to 1978, Dr. Conrad was the Executive Director of a consortium of four-year private colleges in Pennsylvania and West Virginia. He has taught courses in political science at the colleges for which he has worked and has a life-long interest in international education. He is a graduate of Wittenberg University (1962, Political Science) and holds an M.A. and Ph.D. from the University of Massachusetts. He also conducted one term of post-doctoral study and research at Oxford University.

Mr. James L. Maxwell - Monday, May 16 - Open Session Room A-105

Mr. Maxwell started his fund-raising career working for the March of Dimes and the American Cancer Society (1962-1968). In 1968, he went to work for The Johns Hopkins University as its Associate Director of Development. There he produced some \$200,000 in unrestricted new contributions in his first year and participated in planning a \$100 million capital campaign for the university. From 1971 to 1976, he was Director of Development for the Kennedy Center's National Symphony where he increased annual giving by \$1 million with over 8,000 first-time donors in three years. From 1978 to 1980, he served as the Executive Vice President of the National Society of Fund Raising Executives and then, at the end of that year, took over as Director of Institutional Relations for the Milwaukee Art Museum. Following that he spent two years as an independent consultant and worked for 35 organizations including The Brookings Institution, The Corcoran Gallery of Art, the National Symphony, the Washington Opera and several colleges and universities. Since 1983, Mr. Maxwell has been Director of Development and Public Relations for the Houston (Texas) Metropolitan Ministries where he manages all annual giving and capital campaigns, publications and city-wide events. Mr. Maxwell is a graduate of Ouachita University in Arkansas where he earned the B.A. in English and Speech in 1959. He has done graduate work at LSU and The Johns Hopkins University.

Summer Addresses

I ask that all faculty (both instructional and administrative) in the Division of Academic

Affairs please keep me apprised of any temporary addresses and their dates of applicability for the summer months. As each of you knows, it is sometimes very important for my office to be able to contact you in the summer, and that requires that accurate addresses be on file here. If you have moved within the past year, please make sure that we have your new address. If and when it becomes necessary to communicate in the summer we will make every reasonable effort to make contact; but in the final analysis, if you have not provided the College the means necessary to contact you, then the College cannot be responsible for the consequences of the resulting failure. If you believe there may be any problems in this regard with your own circumstances, please give me a call so that we can resolve them before summer is upon us.

-- Vice President for Academic Affairs

News and General Information

Miracle Fund

The Captain's Log Miracle Fund needs your help to reach our goal of \$2600. To date, we have raised just over \$2200, and we would appreciate your donation. Any amount is a help, no matter how much you can give. The Miracle Fund, which benefits the Children's Hospital of the King's Daughters, will wrap up its fund raising year on Friday, May 13.

Please send donations to The Captain's Log Miracle Fund, by using campus mail or sending to our office via direct mail: 50 Shoe Lane, Newport News, VA 23606. Thank you!

Small Business Week - Wednesday, May 11, 1988

Seminar: 2:30 - 5:00 PM

Do you know what Demographics are? Do you care? Well, you should. Studies show that the area that small businesses fail in most is knowing their market ... census data, population make-up, per capita income and the changing city. Speakers from the public and private sectors will advise how to use market research and how to find it. Fee: \$10.00 includes admission to Business After Hours.

Business Bazaar/Business After Hours - 5:00 - 7:00 PM

This is your opportunity to show off your business! Sites are available for small businesses to display products and distribute promotional materials. This event sells out every year and a large "audience" is guaranteed through Business After Hours. Sites are first come, first serve, so register your business now! Site Fee: \$50.00.

Awards

Presentation of the Small Business Awards will be given during Business After Hours. Plan to attend and recognize small business award winners..

Dick Guthrie's two sections of German 102 were selected by the Educational Testing Service of Princeton, New Jersey as one of 6 centers nation-wide for the purpose of a testing sample. The results of the CNC students, along with those of the other 5 colleges in the nation, will be studied by the ETS in order to revise and update the German test on the College Board Examination. Since German 101-102 is roughly equivalent to 3 years of high school German, the results of this test will provide ETS a sampling of the knowledge of German a high school student ought to have acquired at the end of 3 years.

Bruce Almeida and Frank Tambone, students in the Physics Department, participated in the second National Conference on Undergraduate Research at the University of North Carolina at Asheville on April 21-23. More than 1,000 top student researchers from 180 colleges and universities in 40 states were chosen to present their original research findings. They presented research on *High Temperature Resistivity of the Superconductor $4 \text{ Ba}_2\text{Cu}_3\text{O}_x$* . The conference is the only forum in the United States where undergraduate researchers in both the arts and sciences can present their original research findings.

The best research of the conference will be published in the *UNCA Journal of Undergraduate Research*, the nation's only journal devoted to student research in the arts and sciences.

William Edwards, Robert Harvey, Allen Plum, and Sang Yang, students in the Physics Department, also participated in the Conference and presented research on *Rare Earth Substitution Studies of the High Temperature Superconductor $\text{YBa}_2\text{Cu}_3\text{O}_x$* .

Committee Reports

Faculty Senate Elections

Elections for Faculty Senate Officers were held on Monday, April 25. Bill Winter was elected President and Carl Colonna was elected Vice President. In addition, Jay Paul was elected Secretary and Sandra Greniewicki and John Dawson were elected to the Executive Board.

All faculty are reminded to meet in the Terrace on Friday afternoon to mourn the passing of the FAC and/or the coming of the Senate and/or anything else worth mourning or celebrating. I would especially like to see all ex-chairmen of the FAC in attendance so that we can thank them for their leadership over the years.
