to: PHIL 102. Critical Thinking II (3-3-0). Prerequisite: PHIL 101 or consent of instructor; corequisite: none.
This course attempts to help students master the analysis and evaluation of longer arguments, and also to devise and defend an argumentative position. All of the arguments treated are in natural language, and attention focuses on the context of the argument also. Summer Addresses

I ask that all faculty (both instructional and administrative) in the Division of Academic Affairs please keep me apprised of any temporary addresses and their dates of applicability for the summer months. As each of you knows, it is sometimes very important for my office to be able to contact you in the summer, and that requires that accurate addresses be on file here. If you have moved within the past year, please make sure that we have your new address. If and when it becomes necessary to communicate in the summer we will make every reasonable effort to make contact; but in the final analysis, if you have not provided the College the means necessary to contact you, then the College cannot be responsible for the consequences of the resulting failure. If you believe there may be any problems in this regard with your own circumstances, please give me a call so that we can resolve them before summer is upon us.

I am excited and proud to be able to make the following announcement: At the Ninth Annual International Meeting of the American Marketing Association, our collegiate chapter won an award for **Best New Chapter of the Year**. This is a national award, which was presented to only two colleges this year. To earn this honor, the chapter had to meet numerous year long demands and objectives. An annual report based on these was submitted and judged by an panel of marketing professionals. The thrill I personally felt when our college's name was announced in a room filled by 1700 people is indescribable. Six of our members, including our hardworking president, Glen Emano, were with me and able to share the excitement.

Committee on Degrees Report - April 9, 1987

The Committee on Degrees met April 9, 1987 at 3:30 P.M. with Dr. Linda Morgan presiding. The following student petitions were considered.

- Case 1:** Student petitioned to be allowed to take English 208G in lieu of English 206 to satisfy a required literature sequence for English majors.
Committee Action: Recommends approval based upon the approval by the English department and the student having a conflict in scheduling.
- Case 2:** Student petitioned to be allowed to take English 207G in lieu of English 202 to complete the humanities sequence (a literature sequence required) for an education major.
Committee Action: Recommends approval based upon the approval by the English department and a scheduling conflict.
- Case 3:** Student petitioned to be allowed to present Philosophy 374, to be taught during Mini-session with Spch 201 to satisfy humanities distribution requirements for a BSBA degree.
Committee Action: Recommends approval based upon the approval of the department concerned (Philosophy) and the fact that the student's schedule makes scheduling an appropriate course difficult.
Committee Action: Recommends approval based upon the recommendation of the concerned department (Philosophy).
- Case 4:** Student petitioned to be allowed to count towards the degree two additional hours in LSPE activities. The student started as a major in LSPE and then switched to History. The student plans to graduate in May 1987.
Committee Action: Recommends approval based upon the recommendation of the LSPE department.
- Case 5:** Student petitioned to be allowed to use the 1985-86 distribution requirements. The student transferred into CNC with 92 hours and can complete all degree requirements by January 1988 if allowed to use the above requirements.
Committee Action: Recommends approval based on the fact that approximately another year and a half of course work would be needed in addition to the requirements that could be completed by January 1988.
- Case 6:** Student petitioned to be allowed to use the 1984-85 catalog they entered under as a transfer unclassified student. The number of hours accumulated at CNC and as a transfer student total approximately 96 hours. Student will complete '84-85 requirements by January 1988.
Committee Action: Recommends approval based upon the number of hours the student has accumulated and that the student also would have to stay approximately another year and a half to complete new requirements.
- Case 7:** Student petitioned to be allowed to present a non-sequence in philosophy for the Philosophy 201-202 sequence. Student took the non-sequence at a previous college.
Committee Action: Recommends approval based upon the recommendation of the Philosophy department.
- Case 8:** Student petitioned to be allowed to present one LSPE activities course for the degree this May 1987. The total hours presented by the student is 126. The student misinterpreted the LSPE area of the advising sheet provided by the department and advisor. The area read 2-4 hours.
Committee Action: Recommends approval, although the LSPE department did not approve and the student followed recommended avenues such as challenge. The deadline for challenge in LSPE had passed.

Case 9: Student petitioned to be allowed to present one activities LSPE course and a transferred LSPE elective course (health) to satisfy that area of the distribution requirements. The student has no physical disabilities, but thought that the area was satisfied with a health course and and activities. The student will present a total of 125 hours for the degree this May 1987.

Committee Action: Recommends approval, although the LSPE department did not approve.

Respectfully submitted
Dr. Linda Morgan, Chairman

Important Notice To Members Of The Instructional Faculty

On Monday, April 20, from 2 to 3 p.m., the SACS Follow-Up Committee will hold an Open Meeting in CC-233 with any faculty members interested in discussing the status and role of the administrative faculty. As the Self Study noted, the Handbook does not define the status and role of that group, and one of the charges of the Follow-Up Committee is to draft recommendations to address this problem.

The Committee is particularly interested in hearing opinions regarding ways of involving the administrative faculty in College governance--e.g. participation on committees, participation in faculty meetings, and the development of personnel guidelines.

If you wish to voice your opinions and cannot attend the Open Meeting, please forward them in writing to Jay Paul.

-- Jay Paul, Chair
SACS Follow-Up Committee
