

# The Captain's Log

VOLUME XV, NUMBER 21

CHRISTOPHER NEWPORT COLLEGE

MARCH 1, 1984

by Karen Jordan

Christopher Newport College has experienced a healthy growth in student enrollment over the last few years.

During the Fall semester of 1981 there were 4,098 students enrolled at the college as opposed to the 4,398 that are currently registered. This is a 7 percent increase of students in less than two years.

The factors involved for such an increase, according to CNC Registrar Robert Netter, are good faculty members, and the locality of the college in a heavily-populated area.

He added that there is wider recognition throughout the community for CNC students and graduates. The future enrollment of the college is expected to continue increasing. Netter believes that "a short fall or leveling off [will not be] seen for some time."

## CenTeX Series Explores Employment Opportunities

Christopher Newport College and The Center for Excellence (CenTeX) of Williamsburg, an educational television programming network, have announced the beginning of the series "Goals 2000: Employment and Education" starting in late February.

The CNC-CenTeX series will examine career opportunities in many fields for the next 15 years and how the educational institutions are responding to them.

Producer and host for the 15-week series will be Dr. James M. Morris.

Morris, professor of history at CNC and host of the "Crossroads: Decisions for the Eighties" series over CenTeX in 1982 and 1983, will interview guests from a wide variety of fields and institutions centered in eastern Virginia.

Appearing on the series will be John Ware, assistant city manager of Newport News; Dr. Robert Duncan of A.H. Robins Co. of Richmond; John Gounaris, president of Rices-Nachmans; Dr. William Mayer of Eastern Virginia Medical School; Rev. Harold McKeithen of Hiddenwood Presbyterian Church in Newport News; and others.

Representing area educational institutions will be Dr. Alfred Rollins of Old Dominion University, Dr. Thomas Kubala of Thomas Nelson Community College, Dr. John Anderson of Christopher Newport College, Dr. Harrison B. Wilson of Norfolk State University, and other educational leaders.

"Goals 2000" will be telecast each Wednesday and Thursday evening at 10:30 over the CenTeX network which reaches 80,000 homes from Richmond to Virginia Beach via the local cable companies.

Dr. Dale Johnson, program director for CenTeX, recently said, "this type of program represents a spirited attempt by us and CNC to present to eastern Virginians a series of programs of tremendous practical value. Not

only will students, their parents, and others have an opportunity to learn of possible career options in a down-to-earth fashion, but also "Goals 2000" will serve to aid the area in examining the ingredients of its own economic future."

The initial show in the series was telecast yesterday evening at 10:30. The series will conclude in June.

## Campus Police Conduct Free CPR Courses

The Campus Police Department will conduct three 12-hour American Red Cross Cardio Pulmonary Resuscitation courses and three four-hour CPR refresher courses beginning March 26 and running through May 19, 1984.

The 12-hour CPR course will be taught in three segments, for four hours each day in Smith Hall, room 159 (faculty lounge).

Both of the CPR courses are free to the faculty, staff, students, and the public. The Red Cross Textbook #321907 is required and should be read before taking the courses. Cost of the textbook is \$1. The book can be purchased at the Campus Police Office.

The CPR instructor is Officer Edward P. Hill, CNC police officer. Officer Hill is a certified CPR instructor for the American Red Cross and the York County Rescue Squad. He is also a certified State and National Emergency Medical Technician.

To register for either of the CPR courses fill out the form available at the Campus Police Department in Smith Hall.

## Board Passes \$10 Lab Fee for Science Majors

by Susie Hawley

February 23, members of the faculty met with the Christopher Newport College Board of Visitors Committee on Academic Affairs to discuss several important issues.

The faculty members brought the matter of reward for exceptional service to the attention of the board. The faculty has requested that the vice president for Academic Affairs persuade the President "to place a resolution before the Board of Visitors which renders inoperative the sections of the provision in the College Handbook p. V-20 which speak to the rewarding of exceptional service."

The request indicates that the faculty does not want the reward for exceptional service program at the college.

Another topic discussed was the proposed revenue addition of a ten-dollar science lab and computer science fee per semester. Although some faculty members were opposed to the proposed fee, the measure was passed by the Board.

The increase was brought about by a proposal from the Governor for 184,650 dollars in revenue for "enhancement of the institution's educational scientific and laboratory equipment; instructional and research computers; and library materials."

The college would be required to provide for 30% of the 184,650 in revenue and the state would provide the remaining 70%. The ten-dollar fee would generate 30 to 35,000 in revenue. It is to apply to biology, chemistry, and physics labs, and computer science courses. A science major would therefore pay more for a four-year degree than an English major.

## In-State Tuition to Rise 5%

by Pat Andrews

Thursday, February 23, the Christopher Newport Board of Visitors held a meeting, ostensibly to decide, among other issues, what to do with Comprehensive Fees in the future. This issue, however, was tabled. Mary Passage, the rector of the Board, said, "We'll defer discussion about fees until further information is available."

The Board then went on to other business.

A resolution to increase tuition was adopted unanimously by the Board. This resolution states that tuition for the 1984-85 fiscal year be set as follows:

In-State	\$48.00 per credit hour
Out-of-State	\$79.00 per credit hour
Off Campus, Out-of-State	\$50.00 per credit hour

These figures denote a 5% increase for in-state tuition and a 20% increase for out-of-state tuition.

The Board of Visitors also put into effect an "Evaluation Plan," which will enable the performance of college administrators to be evaluated. The questions of the now-approved evaluation form ask for rating on such issues as the evaluatee's "attention to details, overall perspective, quality of judgements, and the ability to make unpopular decisions."

According to the Board agenda, "effecting such evaluation is the sole responsibility of the evaluatee's immediate superior." This is dissimilar to the currently used faculty evaluations, in which a professor's peers or students evaluate his performance.

The Board stated in another matter that the President's funds have been audited and were found to be in excellent condition, with no reported discrepancies.

A final topic discussed was the evaluation plan for administrators.

The faculty members recommended that "the Board direct that a committee be appointed by the president to devise an appropriate, valid, research-based personnel appraisal system of administrators." As yet, the plan for administrative evaluation is incomplete. No specific procedures have been laid out.

## AKPsi Meets Blood Goal

by Edwin Jones

Alpha Kappa Psi's February 24 blood drive exceeded its goal of 125 pints.

The blood drive collected 151 usable pints of blood, from 172 potential donors.

According to Karl Smith, president of Alpha Kappa Psi, this was the best blood drive in the two and one half years that the fraternity has been sponsoring blood drives for the American Red Cross.

When Smith was asked for comments concerning the successful drive, he smiled and said, "I would like to thank everyone who contributed for helping us exceed our goal."

Sigma Tau Gamma won the \$25 prize for donating the most blood.

Sigma Pi won the second place trophy.

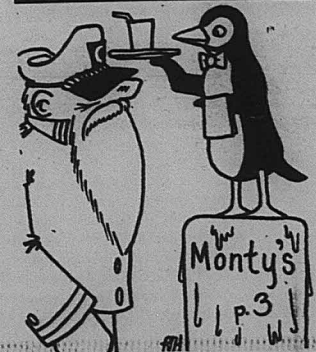

Finally, it was tentatively determined that the class on 1984 will be offered again this fall, most probably in the evenings.

## Make Up Classes Rescheduled for Spring Break

Evening classes will be held the first day of Spring Break, Monday, March 19, because evening classes were not held Monday, February 6, due to the snowy weather.

The deans may grant exceptions to some instructors, but these instructors will still have to make up the classtime missed.

No classtime will be made up during exam week.

## Arnold & Foretich Devoted to Excellence

by Scott Helm

The new assistant of the Campus Center officially began her new job Thursday, February 16.

Kris Arnold, the new assistant director, said she has "always been interested in student activities." This interest began and developed when she was a counselor at a Virginia Beach workshop.

Arnold, who is originally from Rhode Island, grew up in Virginia Beach. She and her husband, Stephen, moved to Newport News last November.

In her new job, Arnold enjoys students and staff, and said, "Everyone's real friendly."

After graduating from James Madison University with a degree in public administration, work for Arnold began in restaurant management. She was a manager at Fantastic Fenwicks in Harrisonburg. She has also been a night-time supervisor, waitress, and hostess at two hotels. Her last job was acting as a nanny for a friend's little girl.

In her new job, she will basically supervise nighttime activities in the Campus Center.

She also handles shift reports and will be an ABC investigator at activities where alcohol is served to students. The latter includes confirming that "people who are not old enough to be drinking are not."

Supervising organizations which are putting on activities will also be part of her job.

Arnold has "always been people-oriented," and hopes to make a long-term career out of the new job because she likes the atmosphere of the college.

Kris Arnold, the new assistant director of the Campus Center.  
photo by Billy Garrett

Saying she will help anyone with anything, Arnold wants to let students know she is in the Campus Center at night. Her working day begins at 3 p.m. and usually ends about 11 p.m.

Saying she looked "forward to working here," Arnold added, the job would be "exciting...and different."

by Tim Mason

Steve Foretich, a 24-year-old junior in Business Management at Christopher Newport, manages the Terrace.

Because he has been the manager from the beginning, Steve has gained some valuable insights into how an establishment such as the Terrace is not only run, but formed.

"Quality service and a quality product" are Steve's key words as he strives for higher standards of efficiency and production.

Business is "booming," and serving quick meals at lunch has put a strain on the small kitchen.

"Our best hours are between 12 and one in the afternoon. People are in and out in as little as 15 minutes," says Steve, proud of his staff.

"I have a core staff of five permanent employees who provide a certain stability, but all the waiters and waitresses are students."

Steve enjoys the flexibility of a new restaurant and is anxious to try some of his ideas.

"I want a place where everyone feels comfortable," he says.

Steve Foretich, the manager of the Terrace  
photo by Billy Garrett

## Producer Seeks Performers for Film

Director Stanley Kubrick, whose films include, 2001: A Space Odyssey, A Clockwork Orange, Dr. Strangelove and The Shining, is conducting a nation-wide talent search for new faces to play the parts of young Marines in his new film Full Metal Jacket, based on the novel The Short-Timers by Gustav Hasford, who served as a Marine in Vietnam from 1967 to 1968.

Filming will begin in the Autumn of 1984.

The story follows an 18-year-old marine recruit, Private Joker, from his carnage-and-machismo initiation rites at the Marine Corps Parris Island training camp, where his drill instructor brags about the marksmanship of

ex-marines Lee Harvey Oswald and Charles Whitman, to his climactic involvement in the heavy fighting in Vietnam during the 1968 Tet offensive.

Anyone interested in doing an audition video tape for a part in this film should follow the instructions below.

Use a 1/2 inch VHS or Sony BETAMAX home video recorder and camera set-up. If the VHS recorder runs at two speeds, use the faster of the two speeds.

Wear a T-shirt and pants. Start the video recording with about a three-minute acting scene. Do any scene you think is appropriate and which you feel comfortable with.

Next, spend about a minute or so telling something about yourself and your interests.

Hold up a piece of paper upon which you have clearly printed your name, address, phone number, age, and date of birth. While you are doing this, say the same information aloud.

Finally, do a close-up and a full-length shot of yourself on the video, from front view and a left and right profile.

Put a label on the cassette with your name, address, telephone number, and age printed clearly on it. We cannot return any of the video tapes.

Air mail the cassette in a padded bag to: Stanley Kubrick, Warner Brothers, 135 War-

dour Street, London, W1V 4AP, England.

## Drug Rehab. Services Need Volunteers

Peninsula Drug Rehabilitation Services is a comprehensive drug abuse treatment program designed to assist people who are addicted to or abusing opiates and other drugs.

Services are available to those individuals who have any type of psychosocial dysfunction due to drug use.

The program provides the following services: Methadone detoxification and maintenance, Clonidine therapy, residential treatment, drug-free counseling, and medical and referral services.

Drug abuse prevention and treatment is expensive for both the individual and society. In order for PDRS to expand its services, we need support.

PDRS is seeking volunteers to participate in their treatment and educational programs.

Following is a list of volunteer opportunities. Anyone interested should contact the Community Services Coordinator of Peninsula Drug Rehabilitation Services at 827-8430. PDRS will provide a comprehensive training course to all volunteers.

Two enrichment program coordinators are needed to work three to five hours per week.

The job involves developing enrichment programs for clients; coordinating the assessment of clients' needs and interests upon which programs will be based; planning, implementing and coordinating these programs; performing any other tasks related to the programs; and attending all volunteer meetings and training.

One follow-up coordinator is needed to work two to four hours per week.

The job involves contacting aftercare clients by telephone on a monthly basis, documenting all contacts on clients' followup forms,

and attending all volunteer meetings and training.

One nutritionist is needed to work three to four hours, bi-weekly.

The job involves planning, implementing and coordinating seminars about nutrition with special emphasis on dieting, money, exercise, meal planning and other topics of interest to clients; working directly with clients to plan meals; performing any other related

tasks and duties; and attending all volunteer meetings and training.

One public relations aide is needed. Hours are flexible.

The job involves assisting in preparing and finding resources (through ads or private donations) to publish a program newsletter to highlight program services and activities.

Two recreation specialists are needed to work two to four hours per week.

The job involves planning, implementing and coordinating recreational activities for clients, initiating and maintaining effective communications with local recreational programs, coordinating the scheduling of recreation activities for clients outside of the residential unit, performing any other related tasks and duties, and attending all volunteer meetings and training.

Two special projects coordinators are needed to work two to three hours per week.

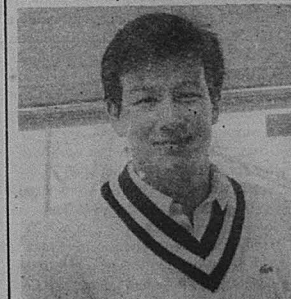

The job involves assisting in facilitating pre-intervention and intervention strategies groups, and attending all volunteer meetings and training.

## Retraction

The story on Richard Able which appeared on page two of last week's issue was based on incorrect information.

The article said that Able placed second in the B/C division at the State Racquetball Tournament.

Able did not place in the tournament.

## 'Monty's Penguin' Untidy but Enjoyable

by Scott Helm

If you are ever in the mood for eating soft ice cream or for curb service, then Monty's Penguin Drive-In Restaurant may be the place you're looking for.

One Sunday afternoon a companion and I paid Monty's Penguin a visit. The unique name of the restaurant comes from the owner's brother's nickname, Monty, and the name of the ice cream shop the brothers owned, the Penguin.

Established in 1946, it is located at 9607 Warwick Boulevard, across from the Hilton Shopping Center. The owner is George Monfalcons.

Even though we came in around 4 p.m., the dining area was nearly filled up. This area is composed of about 15 tables of various sizes and a counter and bar stools which run the length of three sides of the dining area. This allows one to look out onto Warwick Boulevard while eating.

After we sat down at our table, I saw that it

had not been cleaned yet. A quick survey of the restaurant showed me that the carpet on the floor was filthy with dirt and small trash. Before we placed our orders, our waitress, Pat, cleaned our table off.

After our menus were brought to us, our waitress promptly took our orders.

I ordered the breaded veal cutlet with gravy and onions, which for \$2.75 included a choice of two vegetables and hot rolls.

My companion chose the hamburger steak, which for \$2.60 also had gravy and onions, a choice of two vegetables and rolls.

The menu also contains a large variety of sandwiches, both grilled and regular, ranging from .90 to \$1.90. The most unique sounding sandwich was the crabburger priced at \$1.05.

Seafood lovers will find seafood here at very reasonable prices ranging from \$2.10 to \$3.35. Dinner plates of flounder, scallops, fish and chips, shrimp, and crab cakes are included.

Dinner prices ranged from \$2.10 to \$3.60

for plates such as grilled ham, chef's salad, fried chicken, and barbecue.

A short while after we ordered, our food arrived. On both plates the meat had been equally smothered with gravy.

My veal cutlet was not as large as I expected, but the two servings of vegetables were large. All tasted good and was well prepared.

My companion received servings equal to my own in size. He quickly wolfed down his meal and made no complaints about the food.

After we had finished eating, our waitress was slow in taking our dishes away. After she did, we tried some of the soft ice cream which

Monty's is well known for.

The soft ice cream, available in chocolate, vanilla, or mixed (which is half of each), comes in cones or cups. We both ordered small cups for .65 with nuts for an extra .20. The ice cream was delicious.

Other delights on the menu are hot fudge sundaes, fruit sundaes with cherry and pineapple toppings, and banana splits. For .85, one can also order a float or shake.

With the exception of the untidiness of the dining area, Monty's was an enjoyable eating experience that could fit the budget of almost any college student.

## African Play at VSC

Athol Fugard's *A Lesson from Aloes* will open March 2 at the Virginia Stage Company.

South Africa's foremost playwright, Fugard is often called "the conscience of his country" because of his compassionate treatment of non-whites in South Africa.

The three characters in the drama, Piet and Gladys Bezuidenhout and Steve Daniels will be played by actors of national reputation.

Joseph Costa (Piet) has performed nationwide in regional theatres. Nicola Sheara (Gladys) will be remembered by VSC audiences as Margaret in the recent production of *Artichoke*, and she also appeared in the first American production of *Nicholas Nickleby*. Delroy Lindo (Steve) worked with James Earl Jones on Broadway in *Master Harold... and the Boys*, the production that Athol Fugard

himself directed.

Director Bill Partlan, a newcomer to the VSC, has an impressive list of credentials. Most recently, he directed a musical revue of the 1960s called *Leader of the Pack*, which will move under his direction to Broadway in May.

Low-cost preview performances are Friday and Saturday, March 2 and 3, at 8 p.m.

Opening Night is Sunday, March 4, at 7 p.m. The show will continue through March 24, with shows nightly, except Monday.

Tickets are available by calling 627-1234 or through the First Virginia Bank.

Half price tickets are available the day of the performance at the kiosk at The Waterside, in Norfolk.

For more information, call 627-6988.

## Children's Opera by VOA

The Newport News branch of the American Association of University Women is presenting its eighth annual young people's performance Sunday, March 18, at 2:30 p.m., at the Hellenic Community Center (on Traverse Road in Newport News).

This year's performance will be *BUFFA!* by the Virginia Opera Association. *BUFFA!* is a light-hearted look at the humorous side of

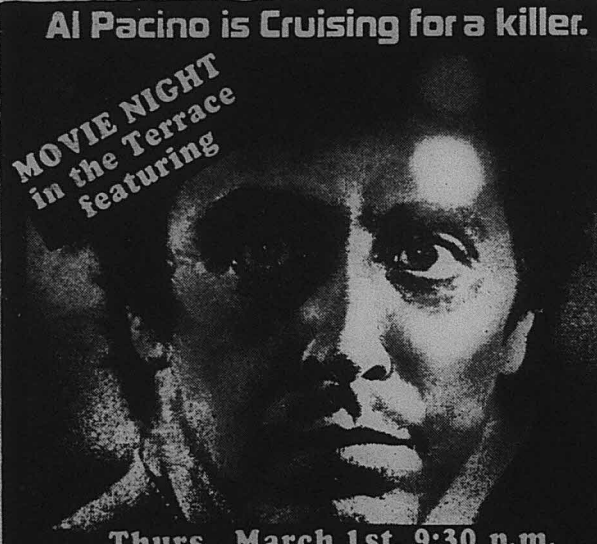

opera, an ideal way to introduce children to the pleasures of great music.

The comic scenes from operas have kept audiences laughing for years, at the same time providing a showcase for some of the most rousing music in the literature.

(For ticket information call Stavroula Gailey at 599-7037 (S134) or Lora Friedman at 599-7070 (W224). All tickets are \$2.

## CNC Women Lose to VWC in Semis, 63-50

by David M. Bean

The Christopher Newport College Lady Captains ended their 1983-84 season last Friday night as they were defeated in the semi-finals of the Dixie Conference playoffs. They suffered a 63-50 loss to Virginia Wesleyan College, a team they had beaten not quite a week before.

The Lady Captains had advanced to the semis by defeating North Carolina Wesleyan College, 52-46, last Tuesday night at Ratcliffe Gym. CNC had been down by one at the half, 26-25, but they came on strong in the second half to turn things around.

Senior Mitchell Whitmore and junior Leanne Eyster had 12 points each to pace the Lady

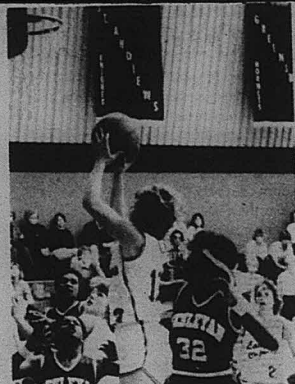

Captains.

The win advanced them into the semi-finals of the tournament and they played the regular-season champs, the Lady Marlins.

CNC played well in the first half and was only down by two points at the half, 28-26. The second half proved to be the Lady Captains' downfall as they came out cold and VWC started scoring points to take advantage of it.

Junior Cindy Nice led CNC with 21 points and Senior Vicky Gunn, playing in her last game of her college career, collected ten points which gave her 1,007 points and made her the fourth member of the exclusive 1,000-points club. Gunn joins Patty Kellihan, Gwynn Drewry, and Linda Richardson.

CNC's final record is 12-13 overall and 10-6 in the conference.

Mitchell Whitmore goes up for 2 against NCWC photo by Billy Garrett

## Vaughan Named to W&M Athletic Hall of Fame

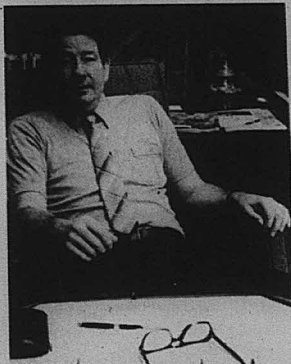

by David M. Bean

Bev Vaughan, Christopher Newport College's director of Athletics and former men's basketball coach was named to the William and Mary Athletic Hall of Fame last Saturday night.

Vaughan, a Portsmouth native, was a four-year letterman in basketball for the tribe. He led them in scoring in 1960 and was selected All Southern Conference in 1961.

He still holds the William and Mary record for most free-throws attempted in a game with 22.

Vaughan was among eight other members who were inducted Saturday night. The others include Red Caughron, George Hefflin, Joe Mark, Richard Savage, the late John Alexander Clowes and the late Marguerite Wynne-Roberts.

R. Bev Vaughan

photo by Billy Garrett

## CNC Falls to Greensboro By 3, 61-58, in Semis

by Steven Grinstead

Turnovers are what win and lose games for a team. It was proven by the Christopher Newport men's basketball team February 24 in Rocky Mount, North Carolina.

The Captains' 61-58 semi-final loss to Greensboro eliminated the team from the Dixie Conference tournament.

## CNC 76-77 Over VWC

by Steven Grinstead

The Christopher Newport College men's basketball team snapped a three-game losing streak February 22.

The 76-67 victory over Virginia Wesleyan enables the Captains to advance to the semi-finals of the conference tournament.

Guard Keith Cobb sparked for the Captains, scoring ten of his 16 points in the second half.

Cobb connected on six of 11 shots during the night. He was perfect at the foul line, hitting all four free-throw attempts.

Wesleyan led by six with only six minutes expired. But CNC never relinquished and fought back quickly.

Terry McPherson's two foul shots at the 5:01 mark opened up a 28-21 lead for CNC.

Three successive turnovers by the Captains' offense near the end of the half resulted in four points for the Marlins.

The Captains led 34-30 at the intermission. Early in the second half, CNC surged ahead behind Joel Fortune's scoring and rebounding. Fortune pounded the boards, collecting 13 rebounds.

The Captains upped their lead to 62-53 with five minutes remaining.

Though the Marlins cut the deficit to five, 62-57, CNC wasn't showing any signs of faultiness.

In the waning minutes of the game, the Marlins' only hope was to steal or foul. Wesleyan relied heavily on its bench at the end. The team committed 31 fouls, with three players fouling out.

Four Captains scored in double figures. Buck Moore and Fortune were the team's leading scorers with 17 each. Cobb had 16 while McPherson added 14.

CNC ended the season with an outstanding 9-2 record, while competing in Ratcliffe.

CNC quickly sprung out to a 7-0 lead and then opened up a 20-10 margin.

At that point, Greensboro started to put full-court pressure on the CNC offense. This created many turnovers and allowed the Hornets to get back in the game.

Greensboro outscored CNC, 24-9, during the final minutes of the first half. With that large turnaround, the Hornets led at intermission, 34-29.

Throughout the second half, the game remained close. In the final seconds with CNC down by two, John St. George shot from long range and missed.

Greensboro hit two free-throw shots at the end to put the game away.

The Hornets connected on their first 14 foul shots and made 23 out of 28 attempts for 82 percent.

The key in the game was the turnover ratio. CNC committed 16 turnovers to the Hornets 7.

Terry McPherson was the game's leading scorer with 20 points, and Buck Moore had 18.

This was Head Coach Glenn Russell's last contest. CNC is going to hire a full-time coach, and Russell doesn't want to be considered.

Russell coached the team for three years and leaves with a 26-52 record.

## Equestrians Do Well at UVA

The CNC Equestrian Team competed at University of Virginia Monday, February 20.

The horse show was held at The Barracks in Charlottesville.

In the Intermediate Division, Laurie Peebles rode to a third-place over fences. Laurie has consistently placed in the ribbons at the competitions thus far.

Three team members competed in the Novice Division. Suki Bryant, riding in her first intercollegiate competition, placed first over fences and fourth in the on-the-flat class. Suki is well-known in local competition and is a welcome addition to the team.

Rita Overton garnered a third-place over fences and a fourth-place on the flat. Rita has been on the team since it began and made an outstanding performance at UVA.

## Comments on Changes in Campus Center

The new Campus Center is only a few weeks old but it is already making a big impression on the lives of members of the college community. We asked students, employees, and faculty members, "What do you like the most about the new Campus Center? What do you like the least? What improvements do you think could be made, if any? Why?"

**Ryan Biggers**  
Freshman Engineering Major

**Comments:** "It's got good service, a decent game room, and a good floor plan. But there's not enough socializing and people walking through here."

**Richard Butchko**  
CNC Professor of Sociology

**Comments:** "I like the Terrace the best. I like the whole thing. My only complaint is that it's too far from the Administration building."

**Paige McKinley**  
Senior Governmental Administration Major

**Comments:** "I really like the new atmosphere. It's more comfortable. I don't like the lights in the cafeteria, though. They're too bright. Also parking could be more convenient."

**Mike Downs**  
Senior LSPE Major

**Comments:** "I like the fact that it's a new addition to the old Campus Center, but they could have modified it more. They should have a separate bar for concerts and not just the small ones at the Terrace. Also I expected the new addition to be bigger."

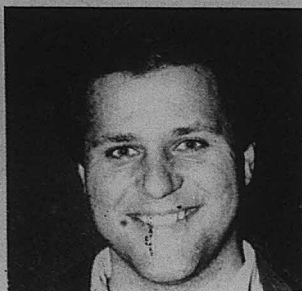

**Chris Fazio**  
Senior Theatre Major and bartender in the Terrace

**Comments:** "I like the Terrace a lot, but it doesn't have much of a college atmosphere. When you walk in, you feel like you're in People's or Chi-Chi's."

**Wilnette Edwards**  
Theatre major and Campus Center desk clerk

**Comments:** "I like it because it has more space, more room, and it accommodates the students better. The TV lounge and the study lounge are nice. I also like the fact that there are more jobs open to more people. I dislike the fact that it took so long to be completed. They could have made it bigger and included more things. The Terrace could have been bigger to accommodate the crowds. We also need more classroom space in the Campus Center for theatre, music, art, and journalism classes."

**Lee Blasingame**  
Junior Music Major

**Comments:** "I like it because it has a lot more room. It's a nice change from the old Campus Center. My only complaint is it's really expensive for a club to put on a function. You have to pay the Cave Crew and everybody. But other than that, it's really nice."

**Michelle Shires**  
Sophomore Marketing Major and SA Secretary

**Comments:** "I think the new Campus Center is going to be a big asset to the Campus. I like the Terrace the best. It's upgraded the college a lot more so than the other pub. I like everything about the new Campus Center. I can't think of any complaints."

**Jack Hollingsworth**  
Junior Computer Science Major

**Comments:** "What I like best are the Terrace, the TV lounge, the Waiting Area, and the bigger cafeteria. The areas are more professionally run. However, things are a bit too formal in our new 'pub'. I also don't like having movies in the Terrace. Things as a whole have become much better for people at school. It compares with the bigger schools in our area."

**Felicia Taylor**  
Computer Science Major

**Comments:** "I like the TV room because you can both watch TV and study there. It's got comfortable chairs. You can also associate with people more. The game room needs to have more games though, and the jukebox needs a better selection."

## Delta Sigma Theta Sorority

For those who don't know, those girls in red and white are the Sorors of Delta Sigma Theta Sorority.

Relatively new on CNC's campus, Delta Sigma Theta has over 100,000 members and has been in existence for over 71 years.

Now that we are here on CNC's campus, we are ready to work. Not only are we interested in promoting unity and fellowship on campus, but we are also a public-service organization, assisting those outside the college community.

As one of our on-going projects, we are sponsoring a Monthly Benefit Clothing Drive. Each month, articles of clothing will be collected and then donated to different Peninsula Organizations that distribute to less fortunate individuals.

The March recipient will be The Friendship House, 2407 Chestnut Avenue, Newport News, which provides assistance to the less fortunate of the community.

Your donations can be placed in the box labeled "DST," located in front of the Information Desk in the Campus Center.

Please help us help someone else. Your donations will be greatly appreciated.

## Sales Capacity Test

A ten-minute sales capacity study will be given to the students who wish to help determine whether they should consider a career in selling life insurance, or related products and services.

This test will be administered by Mrs. John P. Keck, field director of Northwestern Mutual Life Insurance Company.

Testing will be held in the Office of Counseling and Career Services, CC146, Wednesday, March 2, from 8:30 to 10:30 a.m.

## Juggling Society Talent Show

Teaching the Plebes our Juggling Masters have begun.

Soon they themselves Masters shall become. A talent show open to all of CNC.

Will be held April 3 for the community to see. For the act judged most talented a \$100 prize there will be.

And the prestige of being discovered by the Juggling Society.

For more information call Tim Wahlstrom 826-2522.

Club meeting at noon on Wednesday February 29 in CC Lounge.

## IVCF

Every once in a while, perhaps only once in our lifetimes, something truly great happens, an event that changes our lives and fills us with such feeling that we just want to shout.

Such joy can't be contained, so we tell everyone we meet.

Imagine this - you've just found out that you will live forever! You know that you will be loved and helped continuously throughout your entire life, guaranteed!

Surely if you knew a way by which all people could have these things, you would tell it. Surprisingly, this is not a hypothetical situation but one faced by every Christian. What we know is too good to keep hidden!

Come to our large group as Marty Buon-cristiani discusses "Contact Evangelism - Spreading the News." This discussion is sponsored by InterVarsity Christian Fellowship and will be held in CC205 Wednesday, March 7, at noon.

## Attention Seniors

The Counseling and Career Services Office has added the following firms to the original recruiting schedule which you received in the mail: March 5 - London Bridge Greenhouse and Nursery, March 9 - K Mart Apparel Corporation.

## Foul Shooting Contest

The Intramural Department will be holding a Foul Shooting Contest.

The entries opened February 29 and close March 3.

The sign-up sheet is at the Intramural Office.

The date of the contest is March 11 at 3 p.m. in the large gym.

For more information, contact the Intramural Office at 599-7054.

## History Club

The History Club will meet at noon in N115 Friday, March 2.

Guest speaker for the meeting will be John Quarstein of the Peninsula War Memorial Museum.

Quarstein will present a program and film entitled "War As Revolution: How War Affects Society."

All History majors and minors are invited to attend.

## Congratulations

Andrea James, president of the Christopher Newport College Student Virginia Education Association, has been elected by the S.V.E.A. membership statewide as a delegate to the Virginia Education Association Convention which will be held in Norfolk during April.

## UCAM

A business meeting of the Christopher Newport College chapter of United Campus to Prevent Nuclear War (UCAM) will be held Monday, March 5, at 12:15 p.m. in G229.

All interested persons are welcome.

## Brown Bag Lunch

The Over 30 Network will have a "brown bag" lunch Monday, March 5, at noon in CC233.

Coffee and soft drinks will be provided.

Dr. Charles Behymer, vice president for Student Affairs, will be the guest speaker. His subject will be planning, building, and decorating the new addition to the Campus Center.

All students over 30 years old are invited and welcome.

## Track and Field Relays

The co-ed Track and Field Relays will be held March 14 through March 18.

Entries for eight-person teams will be accepted February 28 through March 11.

There will be four events.

For more information, call Tim Martin in the Intramural Office at 599-7054.

## Computers

The Association of Computing Machinery will meet Friday, March 9, at noon in N119. Freebies will be given away.

Topics discussed will be the Spring Fest, Tron, and the field trip.

## Scholarship Offered

The Veterans Administration is now accepting applications for its Health Profession Scholarship Program, providing support for baccalaureate and master's nursing students on a pay-back-in service basis.

The VA award provides tuition, educational expenses and a monthly stipend for participants who agree to serve a minimum of two years as full-time RNs in one of the VA's 172 medical facilities.

Further information is available from: VA Health Profession Scholarship Program, Academic Affairs, DN&D (14N), 810 Vermont Ave., N.W., Washington, D.C. 10420.

Applications may be requested through May 11.

The application deadline is June 1.

## Health Fair

by Edwin Jones

The Hampton Roads Chapter of the American Red Cross is sponsoring its Eleventh Annual Health Fair called "A Feeling Good A-Fair," in cooperation with 40 community health education agencies and groups.

The Fair will be held March 2 and 3 from 10 a.m. to 9 p.m. each day at Newmarket North Shopping Mall.

Information concerning blood pressure, breathing, sight, hearing, diabetes, sickle cell anemia and multiple sclerosis will be available.

Demonstrations of recreational exercise and hobby activities will be performed throughout the day.

The Nightingale Air Ambulance Service from Norfolk, the Salvation Army Feeding Van, the Poquoson Fire Truck, and the Neonatal Ambulance from Riverside Hospital will be on display at the west corner of the mall parking lot.

## NASA Sponsors Trip to D.C.

The NASA Langley Visitor Center will sponsor a one-day bus trip to the National Air and Space Museum in Washington, D.C. Friday, March 23.

The bus will leave from the NASA Langley Visitor Center at 7 a.m. March 23 and will return to the Visitor Center by 9:30 p.m. the same day.

The cost of the round-trip bus transportation is \$20. Meals are not included, although a dinner stop is planned in Fredericksburg on the return trip.

Seating is limited, and reservations are required. For more information, or to make reservations, phone the Visitor Center at 865-2855.

**Seniors, Don't Forget that Graduation Attendance Forms are due in to the registrar's office by tomorrow.**

## Equestrians

(Continued from p. 4)

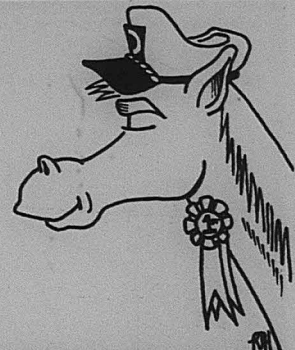

Also showing in the Novice Division, Kathleen Pimblett, a regular ribbon winner for CNC, placed third on the flat.

Two other novice riders, Catherine Hoskins and Wanda Bass, were unable to attend the UVA show.

Sandy Ripley, club president, won a fifth place in the advanced walk-trot-canter class.

Showing horses on the intercollegiate circuit is a big challenge. The team must compete on horses they've never ridden before and no practicing is allowed at the shows.

The CNC team has another competition coming up at Randolph-Macon Women's College in Lynchburg soon.

**Application deadline for Entertainment Editor, Advertising Manager, Business Manager, Copy Editor, and Proofreader for The Captain's Log is Friday, March 9.**

**Hiddenwood**  
(Hiddenwood Shopping Center, 3 blocks North of CNC)  
**595-2259**

# WE'LL PAY YOU TO GET INTO SHAPE THIS SUMMER.

If you have at least two years of college left, you can spend six weeks at our Army ROTC Basic Camp this summer and earn approximately \$600.

And if you qualify, you can enter the ROTC 2-Year Program this fall and receive up to \$1,000 a year.

But the big payoff happens on graduation day. That's when you receive an officer's commission.

So get your body in shape (not to mention your bank account).

Enroll in Army ROTC. For more information, contact your Professor of Military Science.

**ARMY ROTC.  
BE ALL YOU CAN BE.**

## CONTACT:

Captain Gary A. Gault, Assistant Professor of Military Science  
or SFC Vincent Sampson
