Committee.

dies saturni

SATURDAY  
27th April

## DATES FOR YOUR DIARY

Tuesday, April 23rd, 12:15 p.m. Campus Center Theatre.

The English Department is sponsoring the showing of Sir Lawrence Olivier's production of William Shakespeare's Henry V. The occasion is the 410th anniversary of Shakespeare's birth. The award-winning film, with Sir Lawrence Olivier in the title role, begins with the orientation of the viewer to the Elizabethan stage of Shakespeare's own Globe Theatre before the story of Henry V takes over and the production becomes "pure film". The film was nominated for four Academy Awards in 1946, including Best Picture and Best Actor. The critics have acclaimed it widely, saying the story treatment "has seldom been equaled in a movie". Admission is free and the public is invited.

---

## FACULTY NEWS

Mr. David King and Mr. Wyley Powell will represent the College at the Northeastern Conference on the Teaching of Foreign Languages in Washington, April 18-20. This is the nation's oldest and largest meeting of foreign language teachers.

\* \* \* \* \*

The January-February issue of Advance, a publication of the Virginia Department of Mental Health and Mental Retardation, includes a contribution by Ruth Kernodle, "Community Psychiatry - Serving the Individual".

\* \* \* \* \*

Imogene Simmons, who has been a volunteer for Offenders Aid and Restoration (O.A.R.) for the last year, was recently nominated by the Newport News O.A.R. Director, Mr. Ed Hudson, as the volunteer of the year. Ms. Simmons has also been appointed to the O.A.R. Advisory Council.

## ACADEMIC INTEREST

### Alteration in Summer School Schedule

Professor Imogene Simmons has received a research grant for the summer and thus will be unable to teach Sociology 321, Sociology of Crime, scheduled for A session of summer school. This course has therefore been cancelled.

\* \* \* \* \*

### HOLOGRAPHY .. Want to know more?

The combined forces of the Chemistry Department and the little area known as Physics will present

Dr. Henry V. Morgan, Senior Physicist,  
Physics Division, Oak Ridge National Laboratory

who will explain and demonstrate the use of the remarkable phenomena known as holography. Dr. Morgan will show how a helium-neon laser is constructed and then how this is used to form a hologram. Some of the many applications of holography will be discussed. The presentation is primarily for non-science persons who would like to understand a little more of the working of lasers, their applications to holography, and its applications to a wide variety of problems.

For further information call Larry Sacks, Extension 218.

### TO ALL FACULTY MEMBERS

The Christopher Newport College Players will be presenting Molier's School for Wives this Thursday, Friday and Saturday at 8 o'clock each evening, and also at 2.30 p.m. on Saturday. Admission for all performances will be free. Please announce in your classes. The Players thank you for your support, as they need all the help they can get.

Sincerely  
Audrey L. Newman, Secretary
