## OFFICIAL ANNOUNCEMENTS

### Graduate Programs

As was noted in the Chronicle of August 5, 1983, the Status Upgrade Self-Study and Proposal for Graduate Programs at Christopher Newport College was submitted to the Staff of the Council of Higher Education earlier this summer. Council staff has now completed its initial review of the self-study and proposal and has appointed the following visiting committee to come to the Christopher Newport College campus for the required site visit:

Dr. Bruce N. Chaloux, Coordinator of Institutional Approval and Academic Special Projects, Council of Higher Education, Richmond, VA;

Dr. Robert Holmes, Dean, School of Business Administration, James Madison University, Harrisonburg, VA;

Dr. James S. Netherton, Executive Vice President, Baylor University, Waco, TX;

Dr. Charles P. Ruch, Dean, School of Education, Virginia Commonwealth University, Richmond, VA;

Dr. W. G. Thrombley (chairman), Assistant Director, Council of Higher Education, Richmond, VA.

The committee will arrive in Newport News late in the day of September 14; it will spend the day of September 15 on campus; and it will depart, after drafting its initial report, around noon on September 16. It is requested that all members of the academic community become familiar with the status-change self-study prior to the time of this visit. Copies of the self-study may be obtained from the President, any of the three vice presidents, any of the three academic deans, the Library Director, the Chairman of the Curriculum Committee, any member of the Status-Change Committee (Daly, Doerries, Durel, King, Papageorge, Powell, Summerville), or at the reserve desk in the Captain John Smith Library. The report of the visiting committee will form the foundation of action to be taken by the Council of Higher Education in December, 1983. This action by Council will be advisory to the General Assembly, which will act upon the matter of the status-change at the 1984 session. If action is favorable, program initiation may take place as early as the fall semester, 1984.

### Student Status Forms

Blue Cross/Blue Shield should be notified each fall of dependent children between the ages of 19 and 23 who are unmarried, full-time students. Student status forms should be filled out by employees so that coverage will continue for these students. Claims will be denied if a current status form is not on file with Blue Cross/Blue Shield. Student status forms are available in the College Personnel Office.

### Reminder About Book Orders

It is time once again for faculty members to begin considering their book requests for the next academic year. Department chairmen will be notified of departmental allocations on September 9, 1983. Book requests should be turned in to the Faculty-Library Coordinators by September 23, 1983. The coordinators will review departmental book requests and turn them in to the Library on September 28th.
