

COMMUNITY CHRONICLE

April 14, 1978

#15 of 1978

MONDAY - April 17

TUESDAY - April 18

2:00 - FEC - Conf. Rm. Track
State Intercollegiate Meet
University of Richmond

WEDNESDAY - April 19

3:00 - Curriculum Committee
CC Bd. Room

Dean's Colloquia - Lecture
by Prof. E. C. Zeeman; Math.
Institute, U. of Warwick

THURSDAY - April 20

1:30 - Dean's Meeting

Faculty Forum - 9:05 P.M.

WVEC, 1490 AM & 11:40 P.M.

WVHR, 101 FM - "European Contacts
with the Chesapeake Bay Region
prior to Jamestown" - Dr.

Timothy Morgan

FRIDAY - April 21

Men's Varsity Tennis
(away) - 2:00
Methodist College

4:00 P.M. - G145 - Biology Colloquium
Dr. C. Donald Cone of the Veterans Ad.
Hospital and Eastern Va. Med. School.

SATURDAY - April 22

Track
Apprentice School
Fort Eustis - 3:00

Men's Varsity Tennis
(away) - 10:00 A.M.
St. Andrews Presby.

Women's Tennis
(home) - 1:00
Eastern
Mennonite

SUNDAY - April 23

23rd, 24th, 25th
Golf - D.I.A.C.
Championships
Rocky Mt., N.C.

DEAN'S ANNOUNCEMENT

Revised Early Registration Schedule

Due to unforeseen delays, the Registration News for Fall 1978 will not be available until Wednesday, April 19. Consequently, the early registration cycle must be advanced to April 19 through April 25.

We apologize for the inconvenience and disruption of your schedules, and the frustration that you rightly may feel. We thank you for your cooperation in meeting the schedule that was designed to have the Registration News available April 10. The responsibility for the delay falls upon the Administration.

We ask your cooperation in conveying this information to your advisees and the students in your classes. We are now dependent upon you to affirm to our students the viability of the early registration concept.

FACULTY NEWS

Mary Lu Royall attended the Health and Physical Education Teachers Conference, sponsored by the Health and Physical Education Service Division of Science and Elementary Administration - Department of Education at Natural Bridge, March 17-18.

Professor Royall was also a participant in a Childrens Educational Dance Workshop in Charlotte, N.C.; April 7 sponsored by the Charlotte, N.C. Public School System and Winthrop College.

* * * * *

Glenn Weber will present a paper, "Optimal Set Partitioning, Matchings and Lagrangian Duality," at the Joint National Operations Research Society of America - The Institute of Management Science Meeting in New York City, in May.

* * * * *

John Avioli and Glenn Weber, are conducting a study on school rezoning to achieve racial balance for the City of Hampton.

* * * * *

John Harwood has accepted a summer grant for the National Endowment for the Humanities to study linguistics with James Sledd at the University of Texas. The focus of the seminar is the emergence of a standard English dialect in America.

* * * * *

Mario Mazzarella has received an NEH Grant to participate in a Summer Seminar at UCLA. The seminar, directed by Dr. Robert Wohl, will explore "Culture and Politics in Europe in the Era of the Liberal Crisis, 1890-1933."

* * * * *

Pat Balan, Department of Economics, recently successfully defended his dissertation and will be awarded the Ph.D. degree by SUNY (Binghamton) next month.

BUSINESS OFFICE

Reassignment of Duties Within Cashier's Office

The Auditors of Public Accounts have recently completed their audit of our accounts. Based upon the recommendation of the auditors, we are reassigning many of the duties

formerly assigned to the Cashier's Office to create two separate departments.

An Accounts Receivable Department has been created. This Department will be supervised by Mrs. E. Beazley. All questions regarding the status of students' accounts should be directed to the Accounts Receivable Department.

The Cashier's Office now consists of Mrs. E. Garner and Mrs. T. Mears. All monies paid to the College, or to be placed on deposit through the College, should be taken to the Cashier's window to be receipted by one of the Cashiers.

POSITIONS OPENING

Clerk Typist C

Completion of High School and 2 years of typing experience required. Knowledge of business English, office management principles and the use of office equipment. Annual salary \$7,032. Application deadline April 19, 1978. Apply Personnel Office, CNC. An EO Employer.

* * * * *

Faculty Position in Dept. of Education

One year restricted contract. Duties include teaching kindergarten and primary curriculum and instructional procedures and supervising student teachers. Minimum qualifications: Masters degree in appropriate area of education and public elementary school teaching experience. Additional graduate study desirable. Curriculum Committee - (Minutes of April 5, 1978 Meeting)

The meeting opened with Dr. Dave Banks presenting a proposed cooperative program with Duke University leading to professional degrees of Master of Forestry or Master of Environmental Management. This proposal had been presented to the Degrees Committee which, in turn, requested that the proposal be studied by the Curriculum Committee because students in that program would have to take more than the 42 hours accepted for a major in biological and environmental science.

The approval to recommend to the Faculty two physics courses was unanimous.

The courses are:

Physics 311 - Introduction to Electric Circuits and Electronics (3 credits)

Prerequisites: Physics 202

A study of the basic experimental laws of electrical circuits; Ohm's Law and Kirchhoff's Law of voltage and current. Analysis techniques for DC circuits. Properties of the basic circuit elements; resistors, inductors, capacitors. AC circuits, sinusoidal AC circuits, and their solution by phasor methods. Introduction to the operational amplifier.

Physics 362 - Material Science (3 credits)

Prerequisite: Physics 351

The study of the microscopic and macroscopic characteristics of materials with an emphasis on the basic principles that describe material behavior in these two realms. The application of the basic principles in the understanding of the large scale behavior of materials; the determination of the thermal, mechanical, and electrical properties of solids. Discussion of examples that illustrate the theory.

The Committee voted to endorse the cooperative program in environmental science and forestry with Duke.

Next the proposed B.A. in Economics was presented. Only a few additional courses will be needed for the implementation of this degree. The Committee unanimously voted to recommend to the Faculty adoption of this degree.
