FAX

Because of new budgetary constraints placed on the Office of College Relations, our stock of fax paper is nearly depleted and we will not be able to replenish the stock one it is gone. Each roll of fax paper costs \$25 and provides less than 100 sheets of receivable material. Since fax machines were developed to handle time-sensitive material, we are asking you to discourage people from sending you a fax unless it is something you absolutely must have that day. Your cooperation is sincerely appreciated!
