PUBLISHED BI-WEEKLY BY THE OFFICE OF THE DEAN OF STUDENTS

April 21, 1969

Vol. 2, No. 12

## CONVOCATION

In an effort to clarify the nebulous goals of students and their expectations of the College and the goals of the Administration and its expectations of the students, a Convocation has been planned for Monday, April 28, 1969. Provost Cunningham has graciously dismissed classes so that you may attend. Therefore, attendance by all students is expected. The program will begin at 10:00 a.m. in Ratcliffe Gymnasium, break at noon for a free lunch, and resume at 1:00 p.m. (in the gym) for a compact cultural program. Since the morning program will include a question and answer period with Mr. Cunningham, you may be wise to give some thought to the questions you most want to ask of him.

A program of this nature serves to strengthen the lines between students and administration that are so vital to a profitable and pleasant relationship. Therefore, the SGA will welcome all comments and criticism that will improve the program and make it an annual function.

## SGA NEWS

Tuesday, April 15, Mr. Henry Taylor from Hampton Institute was invited to speak on the topic of Black Power. His presentation was interesting and quite thought-provoking. However, the attendance was extremely poor again! This lack of participation may be due to student disinterest or because of incomplete communication publicizing the event. Each of these has been a serious problem. Therefore, the SGA is requesting that publicity for future events of this type be handled by the SGA.

Make sure that you are where the fun is on May 4th at Jamestown Beach when Christopher Newport, Richard Bland, and Thomas Nelson get together for the annual Beach Party! A memo concerning admission and other arrangements will be circulated soon!

## A WORLD OF IDEAS EXPLORED

The Christian Science Organization at Christopher Newport College held a workshop meeting on April 15, during which they explored a world of ideas. The meeting focused on the College Organization and showed how the understanding of Christian Science contributed to individual freedom, morality, world peace, academic excellence, spiritual healing, and individual achievement. The meeting was conducted by Mr. Harold G. Schick, Regional Assistant of The Mother Church. Mr. Schick is from Philadelphia.

## XEROX WINS \$

The rate of use of the Xerox machine was sufficient enough to pay the entire expense of the machine during the month of March. If the machine continues to be used at this rate, it will remain in the library during the summer and next year. Thanks should go to the students who have supported the machine because their patronage has kept the machine here for everyone.
