Welcome Aboard . . . Evelyn Akers, a new classified employee who is a program support technician in the computer center, and Patrick A. Castonguay, who was appointed to an hourly position as an installation and repair technician.

Greetings from Myrtle Beach, S.C. !! I would like to take this opportunity to thank each of you for the fantastic farewell party and the beautiful gifts. The CNU Marguerita glasses will certainly be put to good use, and I wear the CNU jacket with great pride. The money was spent wisely, dinner out on Valentine's Day, and the Champagne was delightful to christen our first night in our new home. CNU was my home for eight years, and I cultivated many special friendships over the years there. I really miss CNU and all of you. Please keep in contact and come to visit. Again, thanks for everything and especially for eight great years and all the wonderful friendships.

Our address:

The University Travel Agencies Selection Committee was unable to select one firm to provide travel service. The committee found little significant difference in all Travel Agencies, and therefore has listed below Travel Agencies that can be contacted for University travels. All of the Agencies have been given a copy of CNU's UATP charge card and have been instructed to use it for all travel expenses as it is a mandatory contract.
