Funds for Excellence

State-supported institutions of higher education (including the Community College System) can request supplemental funding to support activities that are demonstrably excellent, that have the potential of becoming so in the future, or that offer a unique or outstanding service to the Commonwealth. This special funding, which is in excess of quantitative guidelines, acknowledges that with a funding formula based primarily upon student enrollment in a time when enrollment growth can no longer be taken for granted, Virginia's state-supported institutions of higher education need additional assistance in maintaining and enhancing excellence and flexibility.

The state legislature has appropriated to the Council of Higher Education 2.5 million dollars for this purpose for the 1982-84 biennium. Distribution of these funds will be made by the Council on the basis of competitive proposals from the institutions. No restrictions are placed upon the type of activity or project for which funds may be requested. For each proposal submitted, however, an individual institution will not be awarded funds in excess of one percent of its Education and General Budget request. Except in unusual instances, funding will not be provided for projects previously funded under this program. Institutions requesting funds for more than one activity or purpose must assign priorities to its requests. Requests for funds (for one or two years of the biennium) must be submitted to the Council not later than February 15, 1982.

Additional information concerning proposals can be obtained from the school deans. Any individual or department(s) desiring to submit a proposal should do so to the appropriate dean as soon as possible, but not later than November 13, 1981.

Moving of Items Between Buildings or Offices

Requests to the Buildings and Grounds Department for the movement of items (boxes, furniture, etc.) between buildings and/or offices can only be honored when received from the department head. These requests should be of the type that cannot be handled within your department. Requests can be made to B&G either by phone (7035) or in writing. For in and out moves of Warehouse items, contact the Warehouse 7255.

All B&G requested moves will be scheduled on each Thursday between the hours of 1 PM and 3 PM on a first come, first served basis.

Exceptions to this policy are made for office moves. However, office moves can only be honored when the request comes from the Deans or higher authority.

All moves of college inventoried items (furniture, machines, equipment, etc.) should be coordinated with Mr. Curry (Warehouse 7255) so that the inventory can be corrected.

Holiday Schedule

The College will observe the following holiday schedule during the Fall Semester:

LABOR DAY - The College will be closed on Labor Day, September 7, 1981. This is an authorized holiday and annual leave is not charged.

THANKSGIVING - The College will be closed on Thanksgiving Day, November 26, and on Friday, November 27, 1981. Both days are authorized holidays and annual leave is not charged.

CHRISTMAS & NEW YEAR'S DAY - The College will close at 5:00 P.M. December 23, 1981, and remain closed until 8:00 A.M., January 4, 1982. All of these days are authorized holidays with the exception of December 24, 1981. Traditionally, Governors have authorized State government offices to be closed for one-half day on Christmas Eve. Taking this practice into consideration, one-half day will be observed as Christmas Eve on December 24. Four hours of annual leave will be charged for the remainder of December 24 and classified employees are required to submit a report of leave taken.

Employees required for necessary services on the above holidays are eligible for compensatory leave.

CHOICE Book Reviews

For the last year the library has been subscribing to a service which generates book review annotations on 3x5 cards. These reviews which initially appeared in the library periodical CHOICE are separated by subject and are distributed to various departmental chairmen and library liaison people with the idea that they will eventually be shunted among all of the people in a particular academic area. If you have not seen any of these reviews, please check with your department's library contact or with me. Thank you.

COMMITTEE REPORTFaculty Advisory Committee

During the summer, the FAC took up only one item of business for the Faculty. Changes in accreditation requirements for the Social Work Program, which was originally intended to be a specialization within the Sociology Department, require that the Social Work program be a distinct degree program. Rather than lose the Social Work program, the FAC, on behalf of the Faculty, approved the Social Work degree program, as previously proposed as a specialty under the Sociology degree.

The FAC has been asked to look into the furnishing of the Faculty Lounge area, and the possible formation of a Faculty Club. If you have suggestions concerning this, or comfortable furniture in good condition that you wish to donate, contact any FAC member.
