OFFICIAL ANNOUNCEMENTS

College Handbook

The new edition of the College Handbook that was approved by the Board of Visitors on April 15, 1982, has been prepared and is now being distributed. One copy will be sent to each full-time member of the Faculty; one copy will be sent to each academic secretary to keep on hand for the reference of part-time and adjunct faculty; two copies will be placed on reserve in the Library; and one copy will be sent to each of several administrative offices of the College. As is noted in its introduction, the Handbook is the definitive statement of College-level policies and procedures affecting members of the Faculty, administration, staff, and student body; the document supersedes all previous handbooks and ... provides for the operation of the College. All members of the College community are therefore urged to become familiar with the contents of the Handbook. Parties on the above distribution list who have not received their copies of the Handbook by September 29 should so notify Mrs. Webber Casey (ext. 7050).
