DEAN'S ANNOUNCEMENTS

Staggering of Coordinators' Term of Office

Faculty recommendations concerning an election for a new coordinator or a one-year extension of their current coordinator's term of office have been very helpful. Approximately 70% of the faculty responded and preferences in three of the divisions are rather clear. A small return in two of the divisions, however, makes the wish of the faculty members in those divisions less certain. Decisions concerning all five divisions can be made without resorting to drawing names if faculty members who have not yet expressed their opinion on this matter would do so.

ADMISSIONS OFFICE

College Night Programs

There will be a meeting, October 27th, from 12:00-1:00 P.M., in the Christopher Newport Lecture Hall, for faculty who would like to participate in the November college night programs. During each evening CNC will be meeting with many potential students from the local high schools of community colleges.

If you are interested but unable to attend, please call or drop by our office.

Thank you.

Keith McLoughland & Mary Hardman

Self-Study Steering Committee

I have received a memorandum from President Windsor declaring that the Steering Committee of our recent Self-Study has been dissolved, its task having been completed.

As you know, the Self-Study report has been given high marks by the Southern Accrediting Association. The Steering Committee takes this opportunity to express its thanks and appreciation to the members of all of the committees for contributing their time, talent, and energy to the successful completion of this important project.
