SMITH LIBRARY FAX PROCEDURES

In an effort to serve members of the college community, the Library has made its facsimile machine available to the teaching faculty and to administrative offices on campus. The library received the machine through a SCHEV grant intended to improve networking between state institutions, particularly interlibrary loan services, and the machine's main function is to send and receive interlibrary loan materials.

In recent weeks we have had an overwhelming increase in the quantity of faxes requested and received for non-interlibrary loan purposes for other offices on campus. Because we do not have the staff to do "on demand" faxing, we are implementing the following procedures:

- o Faxing for faculty and administrative offices will be done between the hours of noon to 2 p.m., Monday through Friday. Items to be faxed can be left in the library director's office at any time.
- o Items that have been transmitted will be returned by campus mail. We will notify staff members of items received by phone if possible. We will not hand deliver documents and will not read transmissions over the phone. Documents not picked up within one day of receipt will be sent through the campus mail.
- o Staff members from other departments are not permitted to operate the machine.
- o Currently the library is absorbing the cost of supplies and long distance phone charges, including overseas transmissions, the number of which is increasing. We have grant funding which helps defray the cost of interlibrary loan long distance charges, but this will end in October 1991. Due to the budget crunch, we are asking that you limit the items you send and receive to those that are absolutely necessary.

We will try to make this service available to you without charge as long as we can, but it may become necessary to charge departments for its use in the future. The text of the library's official FAX policy, which has been approved by the Library Advisory Committee, follows.

Wendell Barbour

CAPTAIN JOHN SMITH LIBRARY TELEFACSIMILE POLICY

The library has received a telefacsimile machine from monies earmarked by SCHEV to support the networking of libraries in Virginia, especially our interlibrary loan operations. We are happy to make the machine available for use by others on campus. This policy is intended to clarify some of our policies and procedures.

1. The library's facsimile machine is for use of the faculty, staff, and administrators

of Christopher Newport College for college business only. This machine is not for use by the general public. They will be referred to local businesses that provide such service.

2. The machine's phone number is (804) 594-7772 (a SCATS number). The telefax operator's phone numbers are 594-7376 and 594-7059. The machine is available for use Monday to Friday from 8 a.m. to 5 p.m.
3. This machine has a dedicated phone line and can receive items 24 hours a day. Bulk items (20 or more pages to one party) will normally be sent after 5 p.m.
4. Work for other CNC departments will be done as promptly as possible without interfering with the normal workflow of the library. Items that have been transmitted will be returned by campus mail. The library will notify departments of items received. The library will not hand deliver documents. Documents not picked up within one day of receipt will be sent through campus mail.
5. While the library is happy to do occasional transmissions, we do not have the staff to provide sustained transmissions for other departments.
6. Each document to be faxed must have a cover sheet (available in the library's director's office).
7. The library will not accept requests from outside agencies for reference services or document delivery via fax.
8. At this time the library will not bill back charges for this service, due to grant funding, which will end in October 1991.

The Campus Police Dept. is trying to get a jump on raising money for Special Olympics this year. We want to hold a bake sale and raffel at Fall Fest. We are asking members of the College Community to donate something for our sale. Any home made baked goods would be appreciated. By having everything donated we would have a 100% profit.

Attached is a form , if you will be able to help, please fill out and return to Campus Police as soon as possible.
