Decline in fellowships seen as sign of times

By Rick van Rijn
staff writer

Fellowships and teacher assistantships are grants given to promising graduate students to continue their studies towards master's and doctoral degrees. These grants are given by colleges and universities, various scientific and philanthropic foundations, and federal as well as state government agencies. In exchange for a fellowship or assistantship, the graduate student usually renders his services to the institution as a researcher, teacher, or teacher's assistant. Assistantships may include tuition waivers and or stipends.

Those fellowships and assistantships continue to be the major source of financial aid sought by graduate students. However, the number of fellowships and assistantships is dropping, and the distribution of them is uneven.

On the second floor of the left wing of Gosnold Hall, which

contains math classes, the bulletin boards are filled with 20 brochures representing fellowships and assistantship programs. Among the more generous ones are a \$12,000-a-year engineering fellowship offered by the Department of Energy, an assistantship for math from the State University of Buffalo (N.Y.) worth \$7,883 and a \$7,500 assistantship from University of Virginia in exchange for 20 hours of work per week. However, in Wingfield and Newport Hall, there were fewer than 10 liberal arts or humanities fellowships posted. Among these are philosophy fellowships from Rutgers University and MIT for \$2,050 a year and a fellowship offered by Ohio University for \$2,800 a year.

Dr. Douglas Gordon and Dr. Timothy Morgan are associate professors at CNC of English and history, respectively. They say they found their fellowships quite adequate, when they studied in the 1960's. Gordon's fellowship

was granted under the National Defense Education Act, which is now defunct. Gordon says that learning for learning's sake is no longer an acceptable policy for many who give fellowships. They now demand visible application of knowledge, which the sciences provide. Morgan says he receives brochures from the National Science Foundation, as well as the National Endowment for the Humanities. He says the National Science Foundation offers many fellowships, especially to minorities, while the National Endowment for the Humanities offers mostly undergraduate scholarships. Morgan views the demise of the National Defense Education Act as ironic. "We seem to be more afraid of the Russians than ever, but unwilling to pay for that fear," said Morgan. Neither Gordon nor Morgan foresee any change in the appropriation of fellowships and assistantships or government aid to education.

ROTC physical training prepares cadets for first physical readiness test of year

By Beth A. Emerson
staff writer

At 6:30 a.m. each Monday, Wednesday, and Friday, while most of us are still asleep, members of the ROTC are working on their physical training. The training is to prepare them for their first Army Physical Readiness Test, Sept. 20.

According to Captain Thomson, "Third and fourth year ROTC students are required to take physical training, while first and second year students are only encouraged to participate."

Garrett Fisher, an ROTC student, claims that "physical training involvement is definitely an asset to any cadet's future ROTC development."

The cadets are tested on sit-ups, push-ups, and a two-mile run. A perfect score is 300, and the minimum passing score is 180.

This reporter had the opportunity to participate in an ROTC physical training workout. The workout begins by stretching in formation, which helps to warm-up the muscles. The workout is

comparable to an aerobic exercise warm-up, but it is more rigorous.

The second step to the workout is conditioning drill number one (first in a series of drills throughout the semester) which includes jumping jacks, knee-bends, and other limbering exercises.

Following the warm-up, there is the strength improvement training which includes four kinds of push-ups done with partners: manual resistance, inclined, standard, and negative

resistance. Two sets of these push-ups are done for fifteen seconds. There are also four types of sit-ups: inclined, "Rocky-style," bent knee, and belly buster (double-leg lifts).

After struggling through push-ups and sit-ups this reporter began the two-mile run. "The distance can be increased if the individual feels it's beneficial to physical development and if the student doesn't have an early class," Thomson said. While the cadets are running, they sing which helps control breathing.

They stay in formation, as well, as maintain the left, left, left, right, left pace.

Finally, cadets are required to do an individual warm-down, similar to the warm-up exercises; this helps their bodies adjust to the decrease in activity.

So next time you hear, "C-130 rolling down the strip, airborne ranger going to take a little trip," you'll know it's this reporter and the ROTC cadets singing jodies while we prepare for our Army Physical Readiness Tests.

Millar plans for student trip to England in Spring of 1986

By William Scott Simkins
staff writer

Dr. Millar, chairman of the English department, is planning a second CNC excursion to England during the 1986 Spring break. The proposed trip is in the early stages of preparation, as Millar seeks a local travel agency to handle it and keep prices down.

Millar said in an interview that anyone interested in the trip should contact him in N-207. "We can more easily plan a trip to England during Spring break if we know how many people are interested in going."

This literary pilgrimage to

southern England, as it was billed last March, would be open to all CNC students and to all local residents as well. English majors or minors interested in doing an Independent Study during the journey may make arrangements with the English department.

Last March's trip to England, which included London, Oxford, Canterbury, Glastonbury, and other famous sights, cost about \$1,000 for air-fare and a ten-day stay. Millar indicated he would like that price lowered, and one way to do that is to increase the number of travelers to get a

larger group discount.

Millar said he would like to see Cambridge added to next year's itinerary, as well as one-day excursions to Scotland and Paris. Scotland seemed of particular interest to Millar who said, "In all the 17 countries I have ever visited, nothing compares to the beauty of the Scottish Highlands."

Commenting on the experience of the 11 travelers on last March's trip, Millar said they found the visit to Canterbury Cathedral, destination of Chaucer's Pilgrims, to be "more uplifting than Fort Lauderdale, Florida."

Did you know that the National formed five times on the CNC

We welcome Letters to the Editor — express your opinions! We also appreciate comments on content and/or format of *The Captain's Log*.

Letters to the Editor must be signed and include a telephone number for verification purposes. Names will be withheld upon request. *The Captain's Log* will not be responsible for any errors in spelling or grammar.

Opinions expressed in this publication are not necessarily those of Christopher Newport College or its student body.

Letter:

Published weekly during the academic year, except during exams, *The Captain's Log* reserves the right to edit and comment on all unsolicited manuscripts and letters to the Editor, and does not guarantee publication of such material.

Production Notice

The next issue of *The Captain's Log* will be published September 11, 1985. The deadline for all announcements is six days before date of publication and must be typed, double-spaced. *The Captain's Log* office is in CC-223, 599-7196.

Letters

To the editor:

A few comments relative to your column concerning dormitories for CNC. I can think of two good reasons why they would be desirable, but not until certain more pressing needs have been met. It must be kept in mind that CNC was created to be just what it currently is, an area commuter college. Remember that ODU started out in much the same manner.

After the college has acquired the necessary physical plant and equipment to properly carry on its academic and recreational purposes, it will be time to con-

sider broadening its scope of enrollment. All of this takes money and a lot of it. If money was no object, then fast, fast, fast relief or instant gratification of whatever we want would be no problem, but such is to be had only in TV commercials and maybe the State of Texas both of which are too high a price to pay.

Meanwhile, there are at least three facilities adjacent to the campus which appear to offer living accommodations suitable for either single or married students who wish to be near the campus.

The two reasons mentioned above for favouring at least some modest on campus dormitory space are these: I think there is a cultural and social leavening effect to be had from a student body with some geographical diversity, it waters down the in-breeding effect of a strictly area student body; the second reason is quite simply the fact that there are a number of area students who would like to enjoy campus life and/or escape the commuter bit.

Sincerely,
T. R. McCubbin

Family Educational Rights and Privacy Act of 1974

Listed below is the notification of the Family Rights and Privacy Act of 1974, submitted by Robert Netter, Registrar.

The College is to inform enrolled students annually of their rights under the terms of the Family Educational Rights and Privacy Act of 1974. The act does not apply to students admitted to the College who have not officially enrolled.

Enrolled students have the following rights under the Law.

Student Records

A. Policy Intent

1. The College student record policy is intended to conform with all state and federal statutes dealing with access to information held by an educational institution on present and former students.

2. The College student record policy is formulated to protect the privacy of that student information that is maintained, and yet provide access to student records for those having a legitimate purpose to view such records. The regulations and procedure to ensure adequate protection of the student are provided in this policy.

3. "Records" refers to those files and their contents that are maintained by official units of the College. Generally, students have the right to review any official record that the College maintains on them. Access to records by others, without student permission, is limited to purposes of an educational nature. When access is permitted, documents will be examined only under conditions that will prevent unauthorized removal, alteration, or mutilation. Information to which the student does not have access is limited to the following:

a. Confidential letters of recommendation placed in the student's files before January 1, 1975, and those letters for which student has signed a waiver of his or her right of access.

b. Parents' confidential financial statements.

c. Personal files and records of members of faculty or administrative personnel "which are in sole possession of the maker thereof and which are not accessible or revealed to any person except a substitute."

d. Records of the Admissions Office concerning students admitted but not yet enrolled at the College. Letters of recommendation are removed from the Admissions files before the files are forwarded to the Registrar's Office.

e. Medical — psychological records used in connection with treatment of the student. Such records are however, reviewable by a physician or psychologist of the student's choice; and

f. Department of Safety and Security Office records, when utilized for internal purposes by those offices in their official capacities.

4. Only the following offices are authorized to release nondirectory information: Registrar, Placement, Financial Aid, Vice President for Student Affairs, Vice President for Academic Affairs, and President.

5. Copies of this policy are available upon request from the Registrar, who is responsible for the administration of the student record policy.

B. Access to Student Records by the Student

1. Students have the right to inspect their records (as defined in A-3 above) and are entitled to an explanation of any information therein.

2. Documents submitted to the College by or for the student will not be returned to the student. Normally, academic records received from other institutions will not be sent to third parties external to the College. Such records should be requested by the student from the originating institution.

3. Official records and transcripts of the College (signature and/or seal affixed) are mailed directly to other institutions or agencies at the student's request. When extreme circumstances warrant, official records may be given directly to the student at the discretion of the proper College official. In such cases, the record will be clearly marked to indicate issuance to the student.

4. Should a student believe his or her record is incorrect, a written request should be submitted to the appropriate College official indicating the correct information that should be entered. The official will respond within a reasonable period concerning his or her action. Should the student not be satisfied, a hearing may be requested of the Registrar.

C. Access to Student Records by Others

1. Disclosure of general directory information: Certain information may be released by the College without prior consent of the student if considered appropriate by designated officials. Such information is limited to the following:

a. Student's name, address, telephone number (permanent and local).

b. Date and place of birth.

c. Dates of attendance at the College, field of concentration, current classification, degrees, honors and awards.

d. Previous schools attended and degrees awarded.

e. Height and weight of members of athletic teams.

f. Participation in officially recognized activities.

2. Directory information will not be released for commercial purposes by administrative offices of the College under any circumstances. Students may request that directory information not be released by written request to the Registrar's office. All other student information will be released only upon written request of the student, excepting those instances cited below.

3. Disclosure to Members of the College community.

a. Access to student records for administrative reasons for faculty and administrative staff is permissible provided that such persons are properly identified and can demonstrate a legitimate interest in the materials.

b. Access for the purpose of research by faculty, administrative staff, and graduate students is permissible when authorized by the department head and the administrator of the office concerned.

c. Information requested by student organizations of any kind will be provided only when authorized by the Vice President for Student Affairs.

4. Disclosure to Parents and Organizations Providing Financial Support to a Student.

a. Records may be released without prior student approval to a parent or guardian on whom the student is financially dependent. Parents or guardians must furnish a written statement to this effect.

b. Records may be released to organizations providing financial support to a student upon official request and proof of support.

5. Disclosure to Other Educational Agencies and Organizations — Information may be released to another institution of learning, research organization, or accrediting body for legitimate educational reasons provided that any data shall be protected in a manner that will not permit the personal identification of the student by a third party.

6. Local, State, and Federal Governmental Agencies — Government agencies are permitted access to student records only when auditing, enforcing, and/or evaluating sponsored programs. In such instances, such data may not be given to third party and will be destroyed when no longer needed for audit, enforcement, and/or evaluative purposes.

The College is to inform enrolled students annually of their rights under the terms of the Family Rights and Privacy Act of 1974. The act does not apply to students admitted to the College who have not officially enrolled.

Professor of Year awarded to Booker

By Ann Catherine Braxton
staff writer

CNC Economics Professor Dr. Henry Marshall Booker describes himself as a man who is "interested in everything" and this past Spring he learned that his students appreciate that versatility. The energetic Dr. Booker was voted CNC's Professor of the Year in an election held by the Music Club last May.

Booker, who has served at CNC since 1969, was born in Newport News, raised in Hampton, and graduated from Hampton High School. He received his B.A. in Business from Lynchburg College and his Ph.D. from the University of Virginia. "I got turned on to teaching in graduate school when I was a teacher's aide at U.Va.," says Booker. "I just like working with people, seeing them learn and improve. One of my teachers really influenced me. He was kind, exciting, and generous with his time." Booker has taught at Old Dominion University, Salem College in North Carolina, and Frederick College in Portsmouth, now a part of Tidewater Community College.

Booker came to CNC as an administrator. "My job title was Dean of the Faculty," he says. "I kept that job for four and a half years and then decided to go back into the classroom."

In addition to his duties as a professor, Booker enjoys participation in such on-campus activities as the United Campus Ministries, the Publications Review Board, the *Who's Who* selection committee, the Dean's Colloquia committee, and membership in the Economics Honor Society. He also serves as a faculty advisor for both *The Captain's Log* and the Sigma Pi Fraternity.

Off-campus activities include membership in the Lions Club and the Virginia Association of Economists. He has taught Sunday School and served as a lay minister at St. Andrews' Episcopal Church. He has also served as editor of a monthly newsletter, *The Peninsula Business Economic Report*, since 1983.

Photo by C. Michael White, staff photographer

Dr. H. Marshall Booker was last year's recipient of the Professor of the Year Award.

Booker has lived in Poquoson for eight years with his wife, Porter, three daughters and one son.

His hobbies include sailing, traveling, music, and research on the local economy.

Booker also appreciates his students. "I like it here," said Booker. "The students really want to learn and get an education. They are close to me. They come by my office, and even after they graduate, they write to me. I came here to CNC because I wanted to - I liked the size. I'm very up on CNC."

CNC library offers many services

By Lissa Graham
staff writer

Each academic year, Capt. John Smith Library offers to the CNC community a variety of services. One of these services is the Papertrace. With the help of Papertrace one can receive library assistance in researching a term paper. Appointments are set up at the reference desk. The student receives one-on-one instruction.

Also featured in the library is DIALOG. It can help students, as well as faculty and staff, gather information. The DIALOG computer has on file information that would take days to gather, and it can produce the information in as little as ten minutes. The average search cost is \$10-\$15. To set up a pre-search interview, contact Hugh Treacy in the library.

Relatively new in the library is the browsing book and record collection. Books may be checked out for three weeks and records for one week at a time. Anyone can listen to a record in the media center. Anyone wishing to donate a book or album to the browsing collection should contact Jennilou Grofevant in the library.

In Search Of Final Flings

By David Becker
staff writer

At CNC we are just getting back into the swing of things after fifteen weeks of summer vacation. During this break many of us did little but work. But school is once again upon us, and some of us now have spare time. What follows are suggestions on how to fill it. Join me now as I go in search of... Summer's Final Flings!

Busch Gardens (Route 60, Williamsburg) has been a CNC favorite for 10 years. For friendly atmosphere and a good time, head straight to Trapper's Village in New France.

Italy has some of the best food in the park - especially the cannelloni - and also has one of the most romantic locations. Two spots to avoid are the Big Ben area of Banbury Cross and the stage area of the German Village, where the tourists congregate. The Big Bad Wolf turned out to be a big, bad bore, but the Loch Ness Monster still reigns as the best ride in the park. Don't miss the Monorail either. Busch Gardens is open weekends through Oct.

To unwind after a hectic week, try one of the area drive-ins. Anchor Drive-In (Jefferson Ave.), is only open on weekends while the weather is still cooperating. Admission is \$3.00 per person. Children 11 and under are admitted free with parent or guardian. The Anchor no longer provides speaker sound, and in order to hear the movie, you must have an AM car or portable radio. The management does not provide rental radios.

Cinema City Drive-In (Route 17) is a CNC favorite. Open year round, it shows first run movies, provides speaker sound, and has heating units for those cold win-

ter evenings. Admission is \$3.50 for adults, and \$2 for children under 14 and senior citizens. For night owls, Cinema City shows a late night repeat of the first feature on weekends. Don't forget the blankets and lawn chairs!

Enjoy a game of putt-putt at Putt-Putt Golf and Games (Warwick Village). Better enjoyed after dusk when the heat is not oppressive, Putt-Putt provides great entertainment!

Reeve's Go Kart Trac (1141 W. Pembroke Ave.) will close its summer season sometime in November. "Weather is the boss" at this outdoor go cart track, so call ahead (723-3803) to be sure the tracks are open. Prices range from \$1.75 for a ride on the beginners' track to \$2.25 for a trek around the advanced track. For some real life Pole Position, come test your skill at Reeve's.

If a free concert sounds enticing, a trip to Town Point Park in Norfolk is in order. While the weather continues to be favorable, Festevents will continue its TGIF concert series. Featured artists perform a wide variety of music that will whet any musical appetite.

For a blast of the past, try a quick meal at Monty's Penguin (Warwick Boulevard), a fifties drive-in. Favorites are the burger, the pork barbecue with slaw, and soft ice cream.

Newport News Park is the perfect picnic spot and features "Arts in the Parks" each year about this time. For the fishermen, the fish are still biting at the James River Bridge Fishing Pier.

There are many options within driving distance of the CNC campus for pleasure-seeking students. Enjoy these and join me next time as I go in search of the best burger.

CNC Theatre Fall Calendar

September 14: CNC Monthly Concert - Barbara Hill, Harpsichordist

September 22: Senior Recital - pianist Karen Smith, 3 p.m.

September 26: "Passion for Excellence" - Continuing Education Program

September 29: Faculty Recital - pianist Glenn Winters, 3 p.m.

October 5: CNC Monthly Concert - Jean and Kenneth Wentworth, duo-pianists, 8:15 p.m.

October 24: Performance of *Cat On A Hot Tin Roof* for high school students, 9 a.m.

October 25, 26, November 1, 2: Public performances of *Cat On A Hot Tin Roof*

Fall Fest

Just for the fun of it.

Come escape with your friends for a celebration of fall and fun.

You'll be surrounded by food, soft drinks, golden refreshments, games, dunking booth, band, D.J. and much, much more!

Mark your calendar today. October 4 from noon-6:00 p.m. behind the Gym. Open to everyone.

Your day to get away.

FREE ADMISSION TO STUDENTS

Continuing Education

By Diana Dely

staff writer

The Office of Continuing Education is offering a course entitled *Great Books* as part of their General Enrichment and Leisure curriculum.

The class will examine and evaluate ideas in some important books of Western Civilization, using them to explore political, moral, and social questions. Format will be informal discussion.

The reading list includes Anton Chekhov's *The Cherry Orchard*, Fyodor Dostoyevsky's *The Brothers Karamazov*, Thomas Mann's *Death in Venice*, T. S. Eliot's *The Waste Land*, Albert Camus' *The Plague*, and Arthur Miller's *Death of a Salesman*.

The class will meet alternate Wednesdays from 7 to 9:30 p.m., beginning Sept. 25 and running for seven sessions through Dec. 18. Cost is \$45. Registration should be completed a week prior to the first class. For more information call 599-7158.

staff writer

NATIONAL POETRY CONTEST

International Publications is sponsoring a National College Poetry Contest open to all college and university students wishing to have their poetry anthologized. Cash prizes will go to the top five poems: first place, \$100; second place, \$50; third place, \$25; fourth place, \$15; fifth place, \$10. Awards of free printing will be given to all accepted manuscripts in the copyrighted anthology, *American Collegiate Poets*. The deadline is October 31, 1985.

Contest Rules and Restrictions:

1. Any student is eligible to submit his or her verse.
2. All entries must be original and unpublished.
3. All entries must be typed, double-spaced, on one side of the page only. Each poem must be on a separate sheet and must bear, in the upper left-hand corner, the name and address of the student as well as the college attended.
4. There are no restrictions on form or theme. The maximum length of poems is fourteen lines. Each poem must have a separate title. (Avoid "Untitled.") Small black and white illustrations are welcome.
5. The judges' decision is final.
6. Entrants should keep a copy of all entries since they cannot be returned. Prize winners and all authors awarded free publication will be notified immediately after deadline. International Publications will retain first publication rights for accepted poems.
7. There is an initial one dollar registration fee for the first entry and a fee of fifty cents for each additional poem. No more than ten poems per entrant.
8. All entries must be postmarked no later than the above deadline and fees paid, cash, check or money order, to: International Publications, P.O. Box 44044-L, Los Angeles, Calif. 90044.

AMY FOUNDATION WRITING AWARDS

The Amy Foundation announces its First Annual Writing Awards. They are searching for creative, skillful writing that presents in a sensitive, thought-provoking manner, God's position on issues that affect the world today.

Issues must be of public interest or concern and be relevant, timely, and deserving of national attention. To be eligible for the award, submitted articles must be published in the secular media.

In addition to the \$10,000 first prize, a \$5,000 second prize will be awarded, a \$2,500 third prize, \$1,500 fourth prize, and \$1,000 fifth prize.

Articles and/or inquiries may be submitted to: The Amy Foundation, Writing Awards, P.O. Box 16091, Lansing, Mich. 48901.

RULES:

Eligibility

1. To be eligible the article must have been published in a paid general interest, general circulation publication, as determined by the Awards panel.

2. The article must have been published during the year defined by the dates given as the Amy Foundation writing awards year: January 1, 1985 through December 31, 1985.

Content

1. God's word must be quoted from the Bible.
2. Such quotations must be acknowledged as coming from the Bible.
3. Biblical quotations must be taken from an accepted and popular edition of the Bible, such as the New International Version, The Living Bible, The King James, or the Revised Standard Version.
4. The article must present God's position on an issue of public concern or interest as relevant, timely, and deserving of thoughtful consideration.
5. Examples of public interest issues for consideration, but not limited to these, are family life, divorce, value trends, media interests, abortion, religion, and addiction to drugs and alcohol.

Judging

1. Qualified articles will be judged on the following basis of primary and secondary considerations:

- a. Primary Considerations
 - (1) Persuasive power of the article
 - (2) Author's skill in relating God's word to current public interest issues
- b. Secondary Considerations
 - (1) Circulation size of media in which article was published

Submission

1. The entry must be in the form of an actual full page(s) or tear sheet(s) that accurately identify the publication name and date.
2. All entries must be postmarked on or before January 31, 1986. Winning articles will be announced on May 1, 1986.

Rhodes Scholarship

If you have been successful in both academics and athletics, you may wish to apply for a Rhodes Scholarship.

Created by the will of Cecil Rhodes, the Scholarships permit 32 American students each year to continue their studies at Oxford University. Mr. Rhodes hoped that the awards would help prepare highly qualified people of high character and humane outlook for life work that would benefit their fellow citizens.

A Rhodes Scholarship pays all academic fees as well as a generous living allowance.

To qualify, you must be an unmarried American citizen, you should be between 18 and 24 years old, and you should complete a bachelor's degree by Oct. 1986.

For more information and applications, contact Dr. Jay Paul, Newport 206, at 599-7072.

Student Teaching

Students who plan to enroll in supervised teaching, Spring, 1986, should pre-register with Mr. John Jenkins, Director of Student Teaching, prior to Oct. 1. Registration blanks and information can be obtained from the Department of Education, S-134, each day from 8 a.m. to 5 p.m.

SA would also like to remind all clubs of the SA meeting TODAY at 2 p.m. in CC233.

AMA

Joining an AMA Collegiate Chapter will help you gain valuable experience and a chance to communicate with others who share your goals. Dues are minimal and there is no pledge period. For more information contact Kiki Georges at 599-6770 or Judy Holliday at 874-9283.

Scholarship

CNC is in receipt of a gift of \$395 from the Hecht Distributing Company. The gift is to be used as a scholarship(s) for undergraduate students under the age of 22 who have completed their freshman year of college. The donor requested that preference be given to sons and daughters of American Servicemen or Servicewomen who were listed as Killed in Action or Prisoners of War, and sons and daughters of wounded or disabled veterans.

If you are a student at CNC and meet the above criteria, contact the Financial Aid Office in Room 239 of the Administration Building or by calling (804) 599-7151 no later than Sept. 27, 1985.

New Club

Catholic students at CNC will meet on Thursday, Sept. 19, at 12:15 p.m. in CC-207. The agenda will consist of ideas for organizing a Catholic Student Association. Interested students are invited to attend.

Students who cannot be available for the meeting, but would like to be part of the group, should call Carolyn Lawrence, Campus Minister, at 595-7604 or stop by the campus ministry office in CC-204.

Brown Bag Lunch

The first brown bag lunch of the year for non-traditional aged students will be held on Monday, September 23, from noon to 1 p.m. in the Banquet Room of Christopher's.

Dr. George Webb, Professor of Physics, will share "Thoughts on Short-Term Goals of CNC."

Sponsored by United Campus Ministries, these informal meetings provide an opportunity for students to meet their peers in a social setting.

All interested students are invited!

Data Processing

Data Processing Management Association is investigating the possibility of starting a student chapter at CNC. Students in the Business School with a concentration in information systems, computer science students, as well as MIS majors are invited to attend an organizational meeting on Thursday, September 26 at 7 p.m. in G133.

Philosophy Club meeting

The Philosophy Club will meet Wed., Sept. 25 at noon in W-220. Dr. Hoaglund will speak on "Philosophers and the Surroundings," showing slides from his trip to Greece. All who are interested are welcome. Coffee and donuts will be available. Bring your lunch if you wish.

Spanish Club

Attention Students enrolled in all levels of Spanish. The Spanish Club will conduct an informal Spanish Lab for those students eager to increase their proficiency in speaking the language, on Thursday Sept. 26, 12:15 to 1 p.m. in CC-207. Subsequent informal labs will be held on 10/10, 10/24, 11/7, and 11/21. For further information, please contact Hector Gonzalez or Professor Scheiderer in W-218 or call 599-7109.

Intramurals

The Intramural Department will sponsor 2 on 2 volleyball, Wednesdays from Sept. 18 to Oct. 9. Registration forms will be at the Information Desk each week until 4 p.m. on Tuesdays. Entries close each Tuesday. Sign up with a partner. If you have any questions or don't have a partner please call 599-7054.

Athlete's Corner

Rory Peets

Hector Gonzalez

staff writer

With the start of basketball season around the corner, this week's profile spotlights one of last year's outstanding players, Rory Peets.

As one of the members of last year's outstanding championship team, Rory piled up some impressive statistics.

In assisting CNC to a 16-9 record, Rory was the consummate basketball player, leading the team in rebounds with a 12.8 per game and was 3rd in scoring average with 10.4 points per game. Rory was also 18th in the Nation in rebounding. This led to an honorable mention position on the All-Dixie Conference Team.

Indeed, Rory's rebounding ability is the key asset in her basketball game. At 5'10", Rory's rebounding talents contributed to her being named the conference athlete-of-the-week four times, last season.

As the season nears, Rory has high hopes that the team will again reach the National finals and defeat rival UNC-Greensboro. "This would be the icing on the cake," says Rory.

Rory attributes much of the success of the basketball team, as well as her own, to coach Walshall, whose excellent leadership, has made CNC a team to be reckoned with in the Dixie Conference.

A graduate of Charlotte Amalie, N.C., Rory credits her high school coach for encouraging her to continue in collegiate basketball. "Without his guidance and advice I never would've played college basketball," says Rory.

As a Junior majoring in English, Rory feels that CNC provides that certain friendly atmosphere, not found on large campuses. She also cherishes the personal touch she has received in the classroom.

Upon graduation Rory would like to get into teaching, something she has always dreamed of doing.

Last week's results:

VOLLEYBALL: CNC d. Averett 15-13, 15-2, 15-11

CROSS COUNTRY: Old Dominion Inv.: Men 3rd of 7; Women 7th of 9.

GOLF: Aubrey Apple Inv. - CNC 15th of 22

WOMEN'S TENNIS: Old Dominion 9, CNC 0
Longwood 8, CNC 1

Soccer team wins again bringing record to 3-0

Rob Jozwiak
staff writer

This past week the CNC Captains defeated Hampden-Sydney 5-0 and Shenandoah 9-0. The Captains have scored 19 goals in three games thus far this year, and for the first time in the history of the team they have won the first three games of the season.

B. B. Carter scored three goals and made an assist, with Bill Dittmar adding two goals, while

continuing to lead the Captains' balanced scoring attack over the last two games. Coach Roland appears very confident to make substitutions for his starting

team. The substitutions scored four goals in the second half against Shenandoah.

Coach Roland is very pleased with the way the soccer team has played thus far, but insists that they haven't been tested defensively. "We've achieved what we set out to do in the first three games by pressuring the ball, attacking with our forwards and midfielders which creates a lot of scoring opportunities and takes pressure off our goalkeeper and backs," says Roland.

"Offensively, we've been creating scoring opportunities and finishing most of them to win the game decisively. I hope that

when we play better teams we can create and finish enough to score two or three goals. Defensively, we'll be able to hold the better teams in check long enough to continue winning," explained Roland.

This year's soccer team has only allowed three shots on goal in their first three games. They have also tied a school record by winning six games in a row, including the last three games of last season. The Captains will have their first dose of stiff competition Tuesday when they travel to play William and Mary at 3:30 p.m.

Gym hours still argued

By Chris Goddin

staff writer

"I think it is stupid," replied Billy Towler, "no one is just going to pick up a bar of weights and just walk out of the weightroom." This seems to be the reply of many CNC students who wish to facilitate the weightroom, mainly the freeweights.

"Our main concern is safety for the students and then the possibility of theft," answered Bev Vaughan, Director of Athletics, when asked why the freeweights were kept locked up. "We are liable for everything that happens in the weightroom," remarked Ron Garner, weight coordinator, "and therefore students can only use the weights with supervision."

The facilities in the gym are designed to accommodate the class, the athlete and then the student. Students wishing to use the equipment should abide by the schedule and come at the times when the gym is open for student use.

For a student to use any of the weight equipment, he must first be authorized by Garner. Then, when someone from the intramural department or Garner himself, is in the weightroom the freeweights can be used, providing you have been authorized, have a spotter, and wear a weightlifting belt.

There is a schedule outside the intramural department door listing the times that the weightroom is open for student use. There is also a section in the intramural handbook on the weightroom which explains all the rules pertaining to the gym area.

Anyone having suggestions on improving the present system, anyone having problems with the schedule, or anyone who would like to see about extending the available hours is requested to see either Maxi Anderson, Director of Intramurals; Anne Walsh, Assistant Director of Intramurals, or Shelley Pidgeon, Senior Assistant Director of Intramurals. Their office hours are also posted outside the Intramural Department door in the gym.

Wrestling Club formed at CNC

By Karen Lynn Hastings

staff writer

The idea originated when Jeff Westfall (sophomore) asked Major Garcia about starting a wrestling team. Major Garcia thought the idea was great and it would also give him a "chance to meet other kids that aren't necessarily in ROTC."

Garcia presented the idea to President Anderson, who supported it but said wrestling must start as a club to see if enough interest is drawn. If the club is supported by the students, then it can become a varsity sport next year. The Student Association funded \$1,000 for the club and pays for tournament entry fees, plus an additional \$700 for ten uniforms.

Interested men do not need any experience to try out for the squad, although Garcia was complementary about the Peninsula's richness in wrestlers and hopes for some experienced men to support the team. He does stress, "It is not an ROTC club."

The first meeting is Tuesday, September 10, at 4 p.m. in the small gym. The men will weight train and run in September to get their weight down before actual

wrestling begins October 1.

Several people have already shown their support for the club. Athletic Director Coach Vaughan has helped with scheduling. Chris Jones, Athletic Trainer, has expressed interest, and Assistant Track Coach Ron Garner has prepared a training routine. (Senior) Ron Dymond and (sophomore) Jeff Westfall will be participating and helping teach.

So far three meets and two tournaments (Apprentice School; Chowan State) are scheduled. This season's match schedule lasts from October 1 through February. The competition is good because, as Garcia noted, "There aren't many Division III wrestling clubs, so we'll wrestle some Division II colleges and private schools. In the tournaments we will be wrestling varsity teams."

Everyone is welcome to try out, and with more participation they can expand the schedule. Major Garcia is very excited because wrestling "is truly a one-on-one sport that CNC needs."

For more information, call Major Garcia at 599-7284 or 599-7169 or drop by practice at 4 p.m. in the gym.

The schedule for September 16-22

SEPTEMBER

19, Thursday: GOLF at VMI - W & L Inv., Lexington, Va.

20, Friday: SOCCER hosts St. Andrews, 3:30
VOLLEYBALL at Methodist with Fayetteville St., 6:30
