October 21, 1974

## CNC Reorganizes Next Semester

by Larry Dillon

On November 1, the new division chairpersons at CNC will be elected. According to Tom Musial, Dean of Academic Affairs, the reorganization should be in effect with the beginning of the spring semester this academic year.

Christopher Newport will also get its first organizational manual as a result of the need for coordination of activities and functions. During the rapid growth of the college, many decisions were made to meet immediate needs. This patchwork has produced an uncoordinated college structure. An adjustment was needed to realign the present structure and to provide guidelines for the future. Further, a wider role in decision making in the academic community was needed for the faculty who have professional expertise and first hand knowledge. The structure of authority in the college and the function of each college unit needed to be clearly defined. Who should participate in which decisions needed to be spelled out.

Much committee work and discussion preceded the adoption of the reorganization plan. The academic departments are grouped into five divisions, each of which is headed by a chairperson. The divisions are the Division of Arts and Letters; Social and Behavioral Sciences; Natural and Quantitative Sciences; Business and Economics; Education and Communications. The division chairperson "manages resources and promotes the efficient and harmonious interrelationship of all the academic departments within the division." The department chairperson promotes "the quality of all instruction, and instruction-related activities of the department."

This plan was chosen to preserve the academic integrity of each discipline. Sociology will remain distinct from the social sciences. The Academic Council will consist of the division chairpersons, the chairpersons of the elected faculty committees, and the Dean, the Associate Dean, and the Assistant Dean of Academic Affairs. The Academic

Council advises the Dean of Academic Affairs and promotes communication, cooperation, and coordination on a wide scale.

This additional level in the college structure will relieve a bottleneck. Formerly, all 26 academic de-

partment chairpersons reported directly to the Dean of Academic Affairs. In addition, a large number of other college departments and offices reported directly to the Dean. Now, the Dean interacts directly with the five division chairpersons

rather than all 26 department chairpersons.

The students will not feel any dramatic effect of this reorganization. However, the increased coordination of the faculty should aid the students in integrating their learning.

## Editorial

# Rest Room Epigrams Have No Place in a College Community

Could it be that I am mistaken? I hope that someone will hasten to correct me if this be the case, but I seem to recall that this institution is that of a college by the name of Christopher Newport. I did not realize that I was such a simpleton as to arrive at the wrong destination, for it seems that I am in a nursery school where the 'children' do not know that they should not write on the walls.

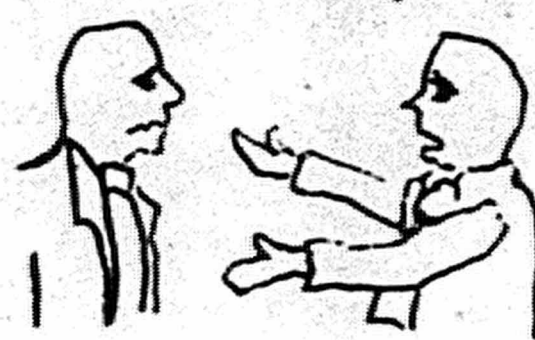

I was amazed a few days ago when I answered a call of nature to find that there are some in our midst who have hardly progressed above the nursery school level. I

found epigrams of all types, in pen and in pencil, written on the walls of the rest rooms, some of which can not be published in this paper because of their obscene nature.

Some of the examples noted were as follows: "People who write on walls are full of

Fred, you don't look so good

I felt sick so I went to the restroom.

So?

So the writing on the wall made me feel worse.

Elmore

----, "I love America/I love ----/I love to ----/I think you've lost my mind," "What color is George Washington's white horse?" "Sex is fun!," and "---- on you guys! Beat this." These and others like them are but a few of the brief epigrams found on the walls of the Mens rest rooms.

It is not that there is too little to do; I am certain that all you students have plenty of academic work to keep your minds occupied. If not, please enroll under some of my instructors. This being the case, I asked myself what the cause of this malicious defacement of college property could be? But, alas, I could not answer that question. Being handicapped by a lack of knowledge as to the cause of the problem, naturally I can not offer a cure for it.

These derogatory remarks on various topics, including female staff members and student body, are in poor taste and an insult to anyone's

personal intelligence -- the time has come for something to be done about it. The cause of these acts can only be defined by the individuals responsible for committing them; therefore, they can also supply the cure, personal restraint.

Being a student at this

institution is a privilege bought and paid for by the tax-payers of this state, that same group of people we will be joining upon graduation, if not already a member. The money spent on material and labor to remove these quips from the walls can be used elsewhere to produce meaningful benefits for all of us. Those of you who are responsible for these acts are not unaware of the efforts of the maintenance personnel to keep these walls clean. The spoof on one wall, "Who keeps washing these walls?" proves the fact.

If you are indeed the college students you profess to be, and I would like to think that you are, this editorial will suffice. The college can ill afford the cost of someone to watch you, and it shouldn't be necessary. So police your own conduct.

## Applications now being accepted for Editorship of The Captain's Log

The position of Editor-in-chief for The Captain's Log will be open following the fall semester. Since this is a paid position, selection of the new editor will be made by a committee composed of seniors on The Captain's Log staff, the Dean of Student Affairs, and the President of Christopher Newport College.

Applications for this position must be neatly typed, and must be received by November 7, 1974. Applicants

should be juniors or seniors with at least some journalistic experience and must have a cumulative GPA of 2.0 or better. All applicants will be required to come before the selection committee for an interview. Selection will take place by November 30.

Applications may be submitted either to Stuart Smith in The Captain's Log office or to the Dean of Student Affairs. Additional information may be obtained from either of the aforementioned.

## Hands Across The Water

(CPS)--Mrs. Marietta Lazzo of Park Forest, Illinois has come up with a novel idea for celebrating the nation's Bicentennial.

"Wouldn't it be wonderful," Mrs. Lazzo has suggested, "if enough people on July 4, 1976 join hands along some of the nation's highways to make one great human handclapped chain from shore to shore across our country?"

Using an average of her and her husband's measurements, Mrs. Lazzo estimated that at least 3 million people would be needed to complete the chain.

Standing shoulders touching, more than 9 million people could be involved---depending on the number of willing human water treaders.

The proposed route would begin in Atlantic City, cut

thru Philadelphia, cross the Mid-west, continue thru Denver and end at San Francisco.

A human chain, noted Mrs. Lazzo, would serve as a reminder that "it takes all kinds to accomplish most purposes."

Mrs. Lazzo's proposal was greeted with enthusiasm by her Congressman, Rep. George O'Brien (R-IL). "A most imaginative idea," said O'Brien and promptly introduced the "human chain" idea to Congress.

"Despite the logistics problem that Mrs. Lazzo's idea would undoubtedly entail I do believe that it merits consideration," O'Brien told the House.

Mrs. Lazzo's plan was then shuffled to the American Revolution Bicentennial Administration for further review.

## How to Handle Your Landlord

(CPS)--- "Dear landlord, please don't put a price on my soul..."

Hundreds of dollars. School begins and the landlords eagerly await the return of the college students, eagerly anticipate, lease in hand, all those hundreds of dollars of security deposits. It's a happy season for landlords.

Unfortunately, the landlords' cheerfulness is not generally shared by their new tenants. Restrictive leases, weighted with threats of eviction and security deposit losses, magnified by the tenant's ignorance of his rights tip the balance of power in favor of the landlord.

If the landlord is adept at taking full advantage of the college housing squeeze, by squeezing some more himself, then the tenant must learn to squeeze back.

### MOVING IN

The tenant's strongest defensive weapon is: "Get it in writing." Responsibility for the water bill and other utilities should be decided before the tenant moves in and put in writing. An apartment is usually rented in "as is" condition. If the landlord is talked into providing paint or making needed repairs, a written verification helps prevent the landlord from suffering a lapse of memory.

Security deposits are ambiguous animals. Supposedly, the landlord cannot deduct the cost of normal wear and tear from the deposit when the tenant moves out. Often though, the landlord simply regards the deposit as so much extra pocket money or as an interest-free loan he has

no intention of paying back. So dirty walls or sinks that are stained by previous tenants are somehow transformed into wanton damage come refund time.

The tenant's defense against making an involuntary charitable contribution to his landlord's bankbook is to draw up a written inventory of the apartment's condition, noting all damages the first day s/he moves in. If the landlord refuses to sign, the inventory should be notarized and the tenant's

The security deposit and future rent payments should never be paid in cash. Cancelled checks or the bank's microfilm records counter a landlord's claims of unpaid rent.

Lawsuits, even in small claims courts where legal counsel is not required, are no fun. Yet in a security deposit battle, the tenant may be relieved to know the burden of proof is always on the landlord.

### LIVING WITH THE LEASE

Leases are intimidating. They are the landlord's best friend and he may use his superior bargaining position to force the tenant to sign a ridiculously strict lease.

"He will tell you not to worry over a harmless, everyday 'cigar-store' lease," warns the New York City Super Tenant handbook, "But don't forget who was smoking the cigar when you signed."

Leases are often illegal. A common clause is: "changing locks is prohibited." This clause ignores the fact that locks in older buildings can be easily opened with a plastic credit card. Money spent on a good lock is well worth the tenant's annoyance at having a TV or stereo stolen.

San Francisco, for instance, recognized the absurdity of this prohibition and denounces such clauses as il-

And let me make it perfectly clear that... (Photo by Oliver)

legal. Even so, the clause still remains in many San Francisco leases.

Landlord-tenant law varies greatly from city to city and state to state. Lease clauses which are legal in one place are illegal in another. Clauses to be on guard for include the following:

--"The tenant will not drive nails, drill into, disfigure or deface any part of the building...and not make any alterations."

--"The tenant shall not install or use a washing machine or a dishwashing machine or an air conditioner or

other mechanical equipment or appliance without the written consent of the landlord."

--"No animals of any kind shall be kept or harbored in the premises."

It is essential for tenants to know the housing laws in their city. Tenants unions or law schools will help decipher legal mumbo-jumbo. Armed with legal knowledge, the tenant can then cross out illegal clauses before he signs a lease. After all, the landlord may not even realize his 'cigar store' lease contains certain irregularities.

'Hey! That's a real nifty trick. Can you do that again?' seems to reflect the muddy, rainy conditions in soccer match against W&M

## Soccer Team Washed Out Last Wednesday

by Faith Ann Gibson

The score may have been 5-1 in favor of William and Mary, but CNC played a good game. The mudhole field and constant rain did not help either team during the game played last Wednesday, October 16, on a soggy home field.

CNC goalie Art Thatcher was replaced by Ken Hogge at the half for it seems that belly-flopping in the mudhole in front of the goal was their main activity.

The CNC defense during the game was really on its toes as center halfback Charlie Tudor could be seen all over the field. Tim Hund, Clarence Clark, Dave Needles and Roland Reeves were also in the action on defense.

Offense for CNC played as well as could be expected in the downpour. Left wing George Galle and right wing Mike Knez, along with center forwards Alex Granger and Harry Calvert, were on the ball, although the rain dampened their efforts. Dave Needles, inside left, and Roland Reeves, inside right, made their attempts to rescue the ball.

Altogether, it was an extremely interesting mud slide fight for the ball. Maybe this coming Tuesday's home game at 3:00 p.m. against Radford will be drier.

### 1974 SOCCER SCHEDULE

Tuesday, October 22	Radford College	Home 3:00
Friday, October 25	N.C. Wesleyan College	Away 1:00
Saturday, October 26	St. Andrew's College	Away 1:00
Saturday, November 2	Va. Wesleyan College	Away 2:00
Tuesday, November 5	Radford College	Away 3:00

## Golf Team Loses Practice Match, Hopes High for Spring

CNC's varsity golf team lost a practice dual match to the Apprentice Technical School by a score of 13½ to 4½ using match play scoring. Despite the loss to a strong opponent, the Captains displayed fine potential for Dixie Conference opponents next spring.

Not one of the CNC golfers scored above the 80's, with

Randy Heath sharing medalist honors. Mark Bond was point leader by blanking his opponent 3-0. The Captains have a balanced nucleus of nine golfers, any of whom can turn in a fine round.

The varsity golf roster for CNC includes Mark Bond, Steve Galle, Randy Heath, Mike Hannón, John Mallonee, Chris Sturgis, Bob Tomchek, Jim Trask, and Phil Whitley.

The Captains have completed their fall matches, and are looking forward to a winning spring. The 1975 schedule calls for 9 conference and 4 non-conference matches. Coach Armistead said that the chances are very good that we will win 7 of our 9 conference matches and that we stand a good chance of winning the remaining two matches.

The team will play 5 of its 13 matches at home, the remainder will be played on the road. The spring season will be climaxed by the Dixie Intercollegiate Athletic Association tournament at Greensboro, NC, and the VCAA Tournament at Lexington, Virginia, in April.

**Blue and Gold up record****in Flag Football Oct. 13**

Riley's Raiders boosted its record to 2-0 by defeating the Gold Team 12-8 in the first game on October 13. The first score of the day was produced by the defense when Stan Clark intercepted a Jimmy Haggard pass and returned it 30 yards to put the Raiders in front. The conversion attempt failed and the Raiders led 6-0.

The Gold Team got on the board as Steve Jackson caught Raider QB Andy Dawson in the end zone for a safety. The men in gold struck again on a pass from Haggard to Mike Link covering the final two yards of a drive to put the Gold Team on top 8-6. The Raiders, however, were not to be denied as Dawson hit Bill Hopke on a TD pass covering 65 yards. The conversion attempt failed, and the game ended 12-8.

\* \* \*

In the second game, the Blue Team evened its record at 1-1 by beating the defending champion Alumni Team 7-6. The Blue Team scored first on a TD pass from Mark Dixon to Wayne Melton of 41 yards. Dixon ran for the one point conversion which proved to be the deciding margin.

The Alumni's score came on a TD pass from Terry Kaiser to Bob Hines covering 70 yards. The Alumni elected to go for two points and the win, but the attempt failed and

**Gold Team Shuts Out Blue, Alumni Beats Raiders**

The Gold Team rolled to a 24-0 victory over the Blue Team in the first game on Sunday, October 20, behind the passing of Tom Murphy and Frank Hardy. The Gold's scored four TD's, but could not make a conversion.

The first score came on a 15 yard run by Murphy. Hardy then scored by pulling in a Murphy pass of 45 yards. Mike Link rounded out the scoring in the first half on a 33 yard run. The only score of the second half came on a Hardy to Link pass covering eight yards.

\* \* \*

In the second game on October 20, the Alumni Team pulled a victory out in the final quarter as they beat Riley's Raiders 18-12. The Raiders scored first on a 20 yard pass from Andy Dawson to Ed Wigley. The Alumni came right back with Roman Schenkan hitting Tom Lassiter on a seven yard TD pass, and the score was tied at the half 6-6.

The lack of conversions carried over into the second half as neither team was able to convert the entire day.

The grads took the lead early in the third quarter as Schenkan to Lassiter clicked again, this time for 20 yards.

The Raiders then tied the score on a Dawson to Bill Hopke pass for 40 yards. The winning touchdown came late in the fourth quarter as Schenkan threw to Will Lee on a 45 yard TD strike.

**CHEERLEADING TRYOUTS ANNOUNCED**

Tryouts for the 1974-75 Captains' Cheerleading Squad will be held Thursday evening, October 24, in Ratcliffe Gym. The criteria for selection to the squad will include two individual cheers, a group cheer, various jumps, and a cartwheel-split.

Practices for tryouts will continue through Thursday. They will be held from 11 am to 1 pm on Monday and Wednesday, and from 12:15-1 pm on Tuesday and Thursday.

All women planning to try-out should try to attend all four practice sessions in order to practice the group cheer and go over the format for tryouts.

# VIBES

by Dan Kooi

I've been thinking lately that I have not reviewed enough soul this year, and so was inspired to buy the AWB or Average White Band album (Atlantic SD7308). This may seem to be a contradiction, but that's because you have not listened to AWB.

That is no Average White Band. Everything about this group is black, except perhaps their skin color -- all of which is white. Every move, every nuance of the soul sound is captured by this superb group. The sighs, the guttural emphasis, the throbbing bass -- it's all here, and it's all together. If everybody would play the old Isley's cut "Work to Do" just once, and then follow it by AWB's version of the same tune, I'd be able to quit describing these unusual artists. I mixed up the jackets afterwards, they were so close.

The group opens with a typical 'RAP' bubblegum hit and then progresses through-out the album, getting down on "Pick up the Pieces" with some strong brass led by an alto sax. The first side finished with the unbelievable imitation of the Isley's "Work to Do."

Side two comes on with a couple of very easy soul love ballads where everything is done so smoothly you don't notice what a great job the instrumentalists are doing. I didn't even hear that "just right" horn until the third time around. This entire side is just perfect finishing with their heaviest number, "There's Always Someone Waiting."

When this fast throbbing soul sound winds off the turntable you're going to do what I did -- start it over and spoil your hedonistic self. My only mistake is that I wasted two full days looking

at the cover instead of checking out the great material on the inside.

\* \* \*

Another black influenced sound, with such notables as Billy Cobham, Herbie Hancock, and Wayne Shorter, is that of jazz-rock. Chick Corea with his Return to Forever musicians has just come out with an excellent new addition to this area, "Where Have I Known You Before." This disc is for all you people who have gotten into such groups as Mahavishnu, Billy Cobham, and Weather Report. Even in that company, this album will still hold its own.

The major difference in this collection is a preponderance of keyboards, obviously due to Chick Corea's presence. You will find him on acoustic and electric piano, on synthesizer, organ, and clarinet. Particularly notice Chick on electric piano in the 14 minute "Song to the Pharoah Kings."

There are also to be found sprinkled about three short acoustic piano improvisations by Chick, reminiscent of his music on "Piano Improvisations Vol. 1." If these particularly interest you perhaps you should check out that album (Corea, Polydor, ECM 1014). The best of the three on the present album I feel is "Where Have I Danced With You Before." Chick fairly dances across the keyboards on this one to let you know there's more than electronic gimmickry behind this recording.

Again, the recording is excellent, one of the more prevalent features of recent jazz-rock collections.

## B.Y.O.B. Dance Will Feature the Music of 'Hunger'

Hunger, a local band that keeps you on your feet, will provide the music for the SGA sponsored B.Y.O.B. dance this Friday, October 25.

The doors to the Women's Gym will open at 8:00 p.m., and the band will play from

9:00-1:00. Mixers and snacks will be provided including coke, ginger ale, whiskey sours, potatoe chips, and pretzels.

Hunger, a five man group, has Gary Stultz on bass, Mike Rata on drums, Mike Hansen on lead guitar, Jack Ellis on keyboards, electric piano, harpsicord, and synthesizer, and Jim Smith on rhythm guitar and lead singer.

Hunger plays music by Edgar Winters, the Allman Brothers, the Doobie Brothers, and Traffic, plus current rock and original material.

### POWDER PUFF FOOTBALL GAME SET

All girls interested in playing Powder Puff football on Oct. 24 from 12:30 until 1:00, please contact Stuart Smith or leave name with the Dean of Students as early as possible. The freshmen and sophomore girls will oppose the juniors and seniors.

## Division endorses 55 mph speed limit

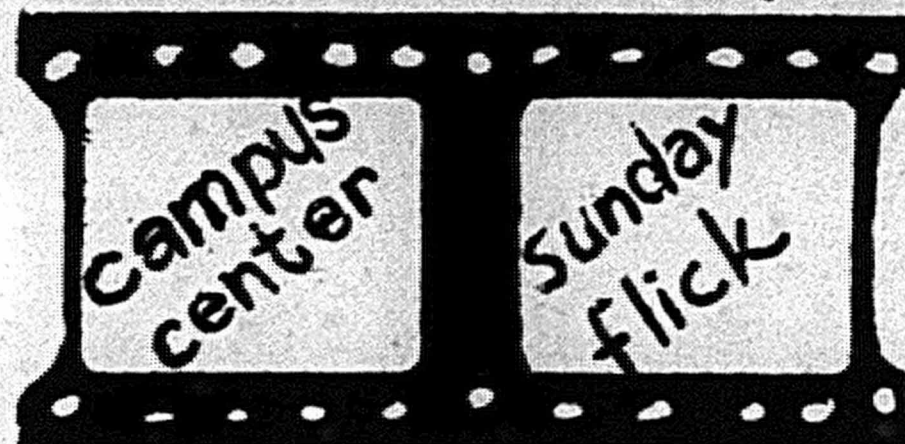

While reduced speed limits may not be entirely responsible for the drop in highway fatalities, the Highway Safety Division recommends retaining the 55 mph speed limit, even if Congress drops its mandatory lower limit for the states.

A study conducted for the Division reports that motorists are now driving at previous levels. Although many motorists are driving closer to the old 70 mph speed limit, fatalities have dropped because not as many are exceeding 70 mph at the time a crash occurs.

Between Jan. 1 - June 25, 1974, highway fatalities dropped by 145, a 20.9 per cent reduction as compared to the same time period in 1973.

The effect of less travel, pleasure driving and vacation trips as a result of the energy crisis has not yet been determined.

The survey was conducted along I-85 in Dinwiddie County, I-64 in Goochland County, I-85 in Spotsylvania County, Route 301 in Sussex County and Route 360 in Amelia and King and Queen County.

For you Halloween horror aficionados, a stake in the heart is worth two fangs in the neck. But this Sunday on Oct. 27, you can have your horror and eat it, too, since the cafeteria will be open for business for CNC's first Blanket Movies Halloween Extravaganza.

Showing at 2:00 pm and again at 7:30 pm in the cafeteria will be three horrible horror flicks in sickening succession: "Blood and Black Lace," "Horror of Dracula," and "Brotherhood of Satan." The cafeteria will be cleared of chairs and tables, so bring your own blankets and pillows for seating and remember to control your primitive instincts as terror runs amuck on the screen. Admission is \$1 per person.

### NOON MOVIES WILL BEGIN WEDNESDAY

This week, the Campus Center will present the first in a series of Noon Movies to be shown as general interest features for all who wish to attend. Scheduled for noon Wednesday, Oct. 23, in the Theatre, "Science In Space" will give a practical view of what technology is accomplishing in outer space. Upcoming movies include "The Challenge of Oceans" on Monday, Oct. 28, and "The Secrets of Ice" on Monday, Nov. 11. Each of the movies will begin at 12:10 pm and will last 20 to 40 minutes.

## Questions and Answers on Education Benefits and Problems

**QUESTION:** Why are there overpayments or underpayments?

**ANSWER:** Remember that checks for educational benefits

are prepaid, that is, the check you receive on the first of November is for the month of November. If there are any changes in your status during that month, adjustments will have to be made on future checks.

\* \* \*

**QUESTION:** What happens if I reduce the number of hours that I am taking?

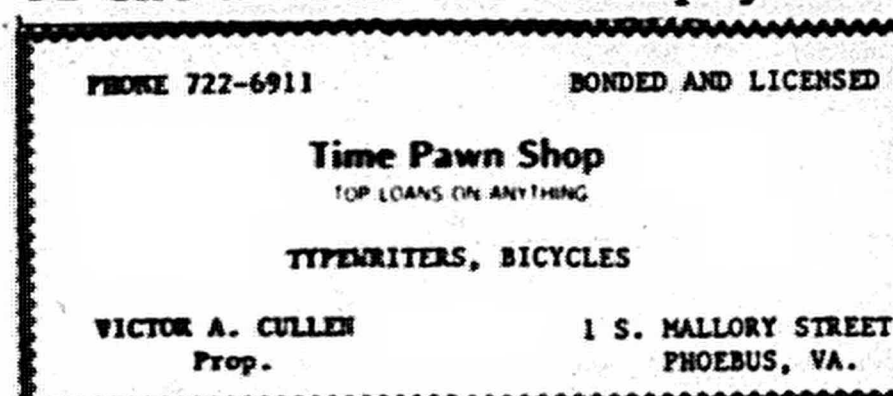

**ANSWER:** It depends on individual circumstances. 12 hours or more is full-time, 9 to 11 hours is 3/4 time, 6 to 8 hours is 1/2 time, and less than 6 hours payment is for tuition and fees only. If you reduce the number of

hours, notify Mrs. Harrison in the Admissions Office or Mr. Aspell in the Counseling Center. This information must be reported immediately so that any overpayment to you will be held to a minimum.

\* \* \*

**QUESTION:** What if I am overpaid?

**ANSWER:** You will receive a letter from the Roanoke Regional Office informing you of the amount of overpayment.

You may refund the overpayment or the amount may be deducted from your next check. Overpayments must be satisfied before you will receive future payments.

# CAMPUS BRIEFS

## STUDENT VEA CHAPTER TO ORGANIZE AT CNC

The Christopher Newport College Chapter of the Student Virginia Education Association will hold an organizational meeting at noon, Monday, October 28, in Campus Center room 233.

The agenda includes discussion of programs such as speakers during the year and an Educational Symposium in the spring, benefits of membership, election of officers, and appointments to subcommittees. All education majors are asked to attend.

## ENGLISH LANGUAGE, LITERATURE CLUB NOW FORMING

Several faculty and students in the English department have expressed an interest in forming an English Language and Literature Club at CNC. With the appointment of Professor John Scotti as acting faculty sponsor for the club, it now seems possible to create a body of students and teachers who share an enthusiasm for English. Scotti has asked that all persons interested in this club come to a planning session in the Board Room of the Campus Center, room 214, at noon, Friday, October 25. The purpose of the meeting is to discuss approaches to the structure of the club.

## ACM MEETING SET

The ACM computer club will meet at 12:15 pm, Tuesday Oct. 22, in N117. Changes in degree requirements for MIS will be discussed.

## CHESS CLUB ELECTS OFFICERS, WEEKLY MEETINGS SET

At its meeting last Wednesday, the Chess Club held elections for the 1974-75 year. Gary Collie was elected president, Herman Hawes, Jr., secretary, and Chris Wells, publicity chairman.

The club will meet every Wednesday in CC-227 so that its members can play more frequently. The club also provides lessons for students who want to learn how to play and invites all interested students to attend.

## HISTORY CLUB TO MEET SUNDAY

The CNC History Club will meet at 8:00 pm Sunday, Oct. 27, in the home of Barbara Slifer. The topic for the meeting will be Bacon's Rebellion. Maps and reading material are available in Dr. Morris' office.

## Annual Competition for Overseas Study to Close Soon

In May, 1974, the 1975-76 competition for grants for graduate study abroad offered under the Mutual Educational Exchange Program (Fulbright-Hays) and by foreign governments, universities and private donors was officially opened by the Institute of International Education. Now only a few more weeks remain in which qualified graduate students may apply for one of the 550 awards which are available to 52 countries.

Most of the grants offered provide round-trip transportation, tuition and maintenance for one academic year; a few provide international travel only or a stipend intended as a partial grant-in-aid.

Candidates must be U.S. citizens at the time of application, hold a bachelor's degree or its equivalent by the beginning date of the grant, have language ability commensurate with the demands of the proposed study projects, and good health. Preference is given to those between 20 and 35 years of age.

Application forms, and information for students currently enrolled in Christopher Newport College may be obtained from the campus Fulbright Program Adviser Walter Knorr in Wingfield Hall, room 218, or by calling 596-7611, ext. 301. The deadline for filing applications on this campus is October 28, 1974.

## SENIOR JOB INTERVIEWS SLATED

## Learn to Ski This Fall

Skiland specializes in teaching people how to ski.

Using the new short ski (GLM) method, a beginner can become a good intermediate skier in nine lessons with some additional practice. Instruction is on the new all-season poly-snow ski surface, considered by experts ideal for learning. Practice skiing is also available.

CNC students can learn at discount prices.

The program consists of nine GLM lessons plus about nine hours of practice skiing. It is offered three consecutive Thursdays from 4 to 11 PM, beginning October 31.

For details contact Captain's Log Office, Campus Center.

Skiland's Charlottesville Ski Area Representative
