CALL FOR PAPERS & NOMINATIONS -- The Dean's Colloquia Committee is preparing for the 1992-93 academic year. Lectures by three CNC faculty members and one off-campus distinguished lecturer are planned. CNC faculty members who wish to present a paper based on their research or creative endeavor must submit a letter of application to Dr. Jim Morris by Friday, April 17. Please enclose with your application a precis of your paper for the committee's consideration. On-campus lecturers will receive an honorarium of \$500. Please include with your letter of nomination a brief resume of your nominee and some indication of the subject(s) upon which she or he might speak. No applications will be accepted after April 17. The committee will make its decision by April 29. If you need more information, please call Dr. Morris at 4-7121.

HONORS PROGRAM -- Designating an Annual Fund gift to the Honors Scholarship Program guarantees that Christopher Newport will continue to attract outstanding young students. Each year the Honors Program supports 40 students with scholarships. Currently, the 30 Styron Scholars each receive \$600/year. While we are fortunate that the Beamer and Greene families have endowed six large scholarships, until the remaining awards are also adequately endowed honors students must count on the generosity of donors to defray some of their costs. On behalf of the 80 honors students, thank you for considering a gift to the Honors Endowment. **Jay Paul, Director of the Honors Program**

WEST LOT PARKING -- The west parking lot (near Campus Center and Gym) will be open parking until further notice. Those areas already designated with yellow lines for F/S and Reserved will continue as such but the white line spaces will be open to all.

NURSING PROGRAM -- The Department of Nursing has received approval from the State Council of Higher Education to expand the current nursing program from an RN completion program to a traditional four-year program in nursing. Initiation of the four-year program is tentatively scheduled for September 1993, pending approval by the Virginia State Board for Nursing.
