NEWS & GENERAL INFORMATION

National Faculty Exchange

This is an early reminder to begin considering the possibilities for participating in the National faculty Exchange Program for 1987-88. (The deadline is November 15, 1986.) A review of Exchange Opportunities for the current year might give the prospective participant of the kinds of opportunities that could be available in 1987-88. I also have copies of a brochure, describing the overall program. You may wish to drop by to receive a copy, or call me at 7392 and I will send you one.

Passing of Lilly Dick, Benefactor and Friend

Our Department lost a good friend recently through the death of Lilly Dick.

Lil was a person of great compassion for the oppressed and the exploited members of all species and gave generously of her own resources in their behalf.

Our own Department, the Mariners' Museum and the Sarah Hudgins Center are among the many recipients of her generous gifts of concern, of service, and of companionship.

COMMITTEE INFORMATION & FACULTY BUSINESS

Approved Minutes of Curriculum Committee Meeting - January 29, 1986

Present: Olson (chairman), Bostick, Durel, Hooper, Hunter, Park, Pellett, Powell, Turner, Weber.

The minutes of the meeting of November 12, 1985, were approved.

Dean McLoughland met with the Committee to discuss the impact of the new curriculum on the current "2 + 2" articulation agreements with community colleges, specifically regarding transferring PHIL 121-122-123 to CNC. It was suggested the PHIL 121-122-123 should be accepted as satisfying 1/2 of our Humanities requirement and the PHIL 101 requirement for the Letters Degree. The consensus of the Committee was to preserve the articulation agreements as fully as possible. A final decision, however, was postponed pending a meeting with Dr. Hoaglund (to be invited to our next meeting) about the course content and proposed modifications of PHIL 101.

Dr. MacLeod gave the Committee a progress report on his development of ENGL 207-208 into a global view course. Implementation is planned for Fall 1986. Dr. Sharoff presented a revised syllabus of THEA 210-211, reflecting a global perspective. Dean Hunter indicated that a revised ECON 201-202 will not be presented to the Committee in time for inclusion in this year's edition of the new catalog.

After discussion, the Committee voted:

1. to postpone action on ENGL 207-208 until we see a tentative syllabus.
2. to accept THEA 210-211 as meeting the global criteria.

Next meeting: Wednesday, February 5, at 3:20, on the second floor of McMurran Hall.

Respectfully submitted,
Theodora P. Bostick, Secretary
