NEW MAILBOXES - A REQUEST

New combination-lock mailboxes will soon be installed. When they are ready, the switchboard operator will tell you your number. Adjunct (evening school) faculty mailboxes will remain outside the door of the Office of Continuing Studies (where they can be reached via the library after the Administration Building is closed) but the boxes for part-time day instructors will be relocated in the main area.

Once the new boxes are installed the mailroom will be kept locked (no more missing checks, we hope!) Individual pieces of mail or other single items you might wish to leave in another faculty member's box can be given to the switchboard operator, but all announcements of general interest should be given to Pam Harper (by 5 p.m. Wednesday) for inclusion in the Chronicle. On occasion there may be a need for a general circular - if, for instance, the subject matter must be brought to the immediate attention of faculty members. In such cases, please see Mrs. Casey, but every effort should be made to keep such general announcements to a minimum.

FACULTY NEWS

Professor Robert D. Doane spoke to the United Nations Association-U.S.A, Peninsula Chapter, October 1, 1973, on the subject "The Secretary-General's Report to the 23rd Session of the General Assembly: a Critical Analysis." His remarks were presented in conjunction with an address by Mr. Robert Clifford, United Nations development assistance adviser. Mr. Clifford spoke on the emerging energy crisis as it relates to the United Nations. Professor Harvey Williams served as moderator and discussant.

\* \* \* \* \*

Professor Harvey Williams spoke to the Junior Women's Club of Hampton on October 9th, 1973. His topic was: "The United Nations: Unfulfilled Expectations and New Hopes."

\* \* \* \* \*

A number of Ron Stewart's friends have asked for his latest address. Here it is:

Mr. Ronald Stewart,  
550 Summer Street, N.E. Apt. 104,  
Salem, Oregon 97301.

## DATES FOR YOUR DIARY

### Visiting Scholars Program - a change of date

The date for Professor John Searle's lecture on "The Logical Structure of Fiction" has been rescheduled for October 31st (from October 24th).

\* \* \* \* \*

Monday, October 22nd, 12 noon, W.220

There will be a meeting of the Continuing Studies Committee to discuss

(a) Mr.Wood's questionnaire proposal (b) Dr.Sacks' by-law proposal.

Walter Knorr

Monday, October 15th, 8.00 p.m., N.110

Dr. Klaus Biemann, Professor of Chemistry, M.I.T., and a Viking Project Scientist, will speak at CNC on the use of gas chromatography and mass spectrometry in the analysis of chemical and biological systems. By coupling the GC-MS system to a medium-sized computer, fast and efficient identification of complex mixtures, ranging from amino acids in proteins to drugs and their metabolites in body fluids has been accomplished. A miniaturized version of this system will be sent to Mars as part of NASA's 1975-6 Viking mission. For further information contact Dr. Sacks at Ext.318.

Wednesday, October 17, 1973, 12 noon, G.101. Second Faculty Colloquium.

The subject of our second colloquium in the Faculty Colloquium Series for 1973-74 is entitled "the Need for a Stronger Divisional Model," and those presenting position papers will be Dr. Jean Pugh, Dr. Sam Bauer, and Dr.Robert Collins. Since this is a matter of far-reaching consequences for the faculty, curriculum, and budget distribution arrangements at CNC, all faculty members are urged to attend. If the interest warrants it, another hour of discussion has been scheduled at the same time and place for the following Friday.

## OF ACADEMIC INTEREST

### BOOKSTORE

Jacqueline Haskins, manager of the Bookstore, reports that during the current semester some 22 books are being used in more than one course. In itself, this has no significance, but it might be worthwhile to review the attached report on the chance that (1) there is needless duplication that might be eliminated, or (2) that we might identify colleagues with similar interests. It would be to the advantage of everyone in the College for the faculty to move toward greater interaction and cooperation in their course planning and teaching efforts.

The titles listed below are those which are being repeated in other courses.

<u>AUTHOR</u>	<u>TITLE</u>	<u>COURSES</u>
Bronte	Wuthering Heights	English 202 and English 495
Clarizio	Toward Positive Classroom Discipline	Education 303 and Psychology 312

NOTICE BOARD

ACTOR PORTRAYS WHITMAN - COLLEGE OF WILLIAM & MARY

"The Three Ages of Walt Whitman," a dramatic reading from Leaves of Grass by the professional actor John Fields, impersonating Whitman himself, will be presented in the Campus Center Ballroom of The College of William & Mary at 8.00 p.m. Monday, 15th October.

This dramatic reading will consist of three parts with John Fields portraying Walt Whitman as a young poet, the middle-aged author of the first edition of Leaves of Grass, and finally as the "good gray poet." Fields, as Whitman, actually "ages" before the eyes of the audience, changing costumes and make-up rapidly to portray the "three ages of Walt Whitman".

Tickets will be available at the door on the evening of the performance only. \$1.00.

"THE SEA GULL" (Checkhov)

This William and Mary Theatre production will be in Phi Beta Kappa Hall at 8:15 p.m. Wed-Sat., Oct.17-20. The Box Office in the PBK foyer is open 3-5:30 p.m. Mon-Fri., Oct.15-19 and from 7-8:15 p.m. the four nights of production. During Box Office hours telephone reservations will be accepted at Ext.272 or 469. Admission \$2.00.
