Vice President for Academic Affairs**

Target Salaries

As a number of my colleagues have pointed out, there was a computational error in example one (repeated in example two) of enclosure two of the "target salary" memorandum which I sent to the faculty last Friday. The number 38.33 which appears in each should be 35.84--thus making the E-factors in examples one and two become 215.82 and 151.98, respectively, and making the resulting targets in examples one and two become \$22100 and \$15600, respectively. My professional embarrassment is appropriately great. C'est l'arithmétique!

On this same matter, I would like to take this opportunity to thank those members of the faculty who accepted my invitation to comment upon and criticize the proposals made by the Faculty Personnel Committee and to identify elements of this office's records of their professional history which may require the review and/or revision of certain data. I have not yet had an opportunity to respond individually to the commentary I have received; but I shall do so, as appropriate, as soon as possible.

-- Vice President for Academic Affairs

Campus Center Schedule

The Terrace would like to take this opportunity to thank you for your patronage. We also want to let you know what our operating hours will be during spring break. Christopher's will be closed from March 19th through the 23rd. The Terrace will be open 11:00 a.m. to 3 p.m. Monday through Thursday and closed on Friday, March 24th. We are pleased to announce that the salad bar is in full swing and invite you to try it.

-- Phyllis Fletcher
Director of Food Services

Reception Reminder

Don't forget the retirement reception for Emily Joyce on Tuesday, March 20 from 2 to 4 p.m., in Room 214 in the Campus Center.
