Relocation of "N" Books in Library Collection

During spring break, the "N" or art portion of the Captain John Smith Library collection was moved to the downstairs stack area. This move was necessitated by crowded conditions in the upstairs stacks.

The lower level stack area now houses the L's, M's, and N's.

The major benefit to Christopher Newport will be an expected increase in students entering at the upper-level in all programs involved. It is our intention to continue negotiations for additional programs in the coming months.

COMMITTEE REPORTDegrees Committee

As dates for registration approach, the faculty may be interested in the following stipulation which will appear in the new college Catalog. The statement can be considered as a sub-heading of item #5 in column two of p. 35 in the present Catalog:

No more than 60% of the minimum credits required (usually 124) toward a degree may come from courses in the School of Business and Economics.

Also, in an effort to clear up a serious ambiguity, the VPAA has approved the revision of the present p. 172 so that the following will be considered "major fields":

Accounting (B.S.); Economics (B.A.);
Accounting (B.S.B.A.); Economics (B.S.B.A.);
Finance (B.S.B.A.); Management (B.S.B.A.);
Marketing (B.S.B.A.); Real Estate (B.S.B.A.);
International Culture and Commerce (B.A.)

In other words, horizontal lines will be drawn under each program presently listed on p. 175.
